# Overview

Join us for the 10th anniversary edition of the MSK Symposium on Lymphoma, marking a decade of advances in lymphoma diagnosis, management, and therapy.

---

**This one-and-a-half-day symposium — offered both live at Memorial Sloan Kettering Cancer Center (MSK) and virtually — will explore the rapidly evolving landscape of lymphoma research and clinical practice, highlighting advances in disease biology, diagnostic approaches, and therapeutic strategies that are transforming patient outcomes.**

The program offers a comprehensive review of the clinical management of both common and emerging lymphoma subtypes. Through expert-led lectures, interactive panel discussions, and practical clinical guidance, faculty will share the latest evidence and insights to support informed, individualized decision-making in an era of accelerating innovation.

Participants will gain insight into the scientific advances shaping lymphoma biology and pathology, and how these discoveries are being translated into clinical practice. This program brings together distinguished experts from MSK and institutions across the United States and around the world to advance education, collaboration, and patient-centered care — helping to shape the future of lymphoma care.

## **Target Audience**

This symposium is designed for internists, hematologists, medical and radiation oncologists, hematopathologists, scientists, and medical trainees who are involved in the diagnosis, treatment, and biomedical research of lymphoma.

# Program Highlights

## Keynote Lectures

Presented by internationally recognized leaders in lymphoma biology, translational research, and clinical care.

## Interactive Panel Discussions

Case-based conversations addressing evolving treatment paradigms and real-world clinical challenges.

## Allied Health Professionals Session

A dedicated session for the interprofessional care team, highlighting their essential and expanding role in lymphoma management. *Space is limited, and early registration is strongly encouraged.*

## Networking Opportunities

Connect with colleagues and faculty throughout the program, including a 10th anniversary reception on Friday evening and a farewell luncheon on Saturday afternoon.

## Credits Available

This activity has been approved for *AMA PRA Category 1 Credit(s)*<sup>™</sup>, American Board of Internal Medicine (ABIM) Maintenance of Certification, and American Board of Pathology (ABPath) Continuing Certification. An application has been submitted for ANCC Nursing contact hours.

## Syllabus

After the symposium concludes, participants will have access to an online syllabus that includes recorded faculty presentations and PDF copies of presentation slides.

**Early discounted rates available through February 13.**

## Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

### AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **12.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### MOC/CC Recognition Statements

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to:

- 12.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program; and
- 12.25 Lifelong Learning (CME) credits in the American Board of Pathology's (ABPath) Continuing Certification program.

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM or ABPath MOC/CC credit.

### ANCC CNE Statement

An application has been submitted for ANCC Nursing contact hours.
