

LIVE VIRTUAL EXPERIENCE

October 23-24, 2020

Management of Treatment-Related Adverse Events

SYMPOSIUM • 2020

Memorial Sloan Kettering
Cancer Center

LIVE VIRTUAL EXPERIENCE

We are excited to announce that this course will be delivered as a virtual experience. By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online. All sessions presented live on October 23-24, 2020 will be recorded and made available to attendees for viewing after the course.

CME and ABIM MOC credit will be offered for this course and a certificate will be available after a post-course evaluation is complete. This live virtual course will be delivered using Zoom. We encourage all attendees to download the Zoom app prior to the start of the course (zoom.us/download).

2020 Symposium Highlights

- Therapy-related adverse events will affect the majority of cancer patients, resulting in increased cost, inconsistent dosing, and decreased quality of life.
- With increased survival and patients living longer on therapy, adverse events affecting quality of life and clinical outcome command attention.
- Lectures focused on immune-related adverse events will describe the clinical presentation, diagnosis, and management strategies for the oncology healthcare provider.
- Up-to-date information will be presented on adverse event mechanisms and management from specialists in the most commonly affected organ systems.
- Practical strategies to identify patients at high risk will be highlighted, with strategies to direct patients towards the most efficient therapies based on healthcare providers.
- New strategies to monitor and manage symptoms of patients on active anticancer treatment will be discussed including patient-reported outcomes and teleoncology visits.

Endorsed by the
Multinational Association of Supportive Care in Cancer

SYMPOSIUM OVERVIEW

Systemic anticancer therapies (cytotoxic chemotherapies, targeted therapies, immunotherapies) have resulted in remarkable improvements in patient survival. Despite this remarkable success, the majority of patients will develop toxicities of various organ systems, which may impact overall health and activities of daily living, resulting in inconsistent antineoplastic therapy, all of which may affect clinical outcome. Therefore, prevention and management of untoward events is critical for the maintenance of quality of life and the optimization of anticancer therapies.

The target audience for this symposium includes MDs, PAs, NPs, RNs, Pharmacists, and other healthcare professionals treating cancer patients and their associated symptoms.

Learning Objectives

- Recognize the clinical presentation and impact on quality of life of treatment-related adverse events
- Understand mechanisms to identify and triage patients at high risk for the development of toxicities
- Discuss procedures and clinical strategies to prevent and treat adverse events in patients with cancer

MSK Course Director

Mario E. Lacouture, MD

Member, Memorial Hospital
Dermatology Service

MSK Course Co-Directors

Shari B. Goldfarb, MD

Assistant Attending
Breast Medicine Service

Robert Daly, MD, MBA

Attending
Lung Service

SYMPOSIUM FACULTY

Invited Course Faculty

Anne R. Bass, MD

Rheumatology Fellowship Program Director
Hospital for Special Surgery
Professor of Clinical Medicine,
Weill Cornell Medical College
New York, NY

Michael Dougan, MD, PhD

Assistant Professor, Medicine, Harvard Medical School
Assistant in Medicine, Medicine, Division of Gastroenterology,
Massachusetts General Hospital

Charles Loprinzi, MD

Consultant, Division of Medical Oncology
Department of Oncology
Mayo Clinic
Rochester, MN

MSK Course Faculty

Ting Bao, MD, DABMA, MS

Assistant Attending
Integrative Medicine Service

James Flory, MD

Assistant Attending
Endocrine Service
Assistant Professor,
Department of Healthcare Policy and Research
Weill Cornell Medical College

Dipti Gupta, MD, MPH

Assistant Attending
Cardiology Service

Jeffrey S. Groeger, MD

Chief Attending, Urgent Care Service
Professor of Medicine,
Weill Cornell Medical College

John P. Mulhall, MD

Attending
Urology Service

Bianca D. Santomaso, MD, PhD

Assistant Attending
Neuro-Oncology Service

Gerald Soff, MD

Chief, Hematology Service
Co-Director, Hematology-Oncology Fellowship
Professor of Clinical Medicine,
Weill Cornell Medical College

Allison Betof Warner, MD, PhD

Assistant Attending
Medical Oncology Service

Anthony Yu, MD

Assistant Attending
Cardiology Service

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

SYMPOSIUM SCHEDULE

All times are U.S. Eastern Time

Friday, October 23

Adverse Event Surveillance and Management in Clinical Care

7:45 AM Virtual Course Checkin

MODERATOR: Robert Daly, MD, MBA

8:00 AM **Welcome and Introduction: Importance of Adverse Events**
Mario E. Lacouture, MD

8:05 AM **Insight Care**
Robert Daly, MD, MBA

8:35 AM **Symptom Care Clinics**
Jeffrey S. Groeger, MD

9:00 AM **Management of Chemotherapy Induced Neuropathy**
Charles Loprinzi, MD

9:30 AM **Integrative Medicine to Manage Adverse Events**
Ting Bao, MD, DABMA, MS

10:00 AM Break

MODERATOR: Shari Goldfarb, MD

10:20 AM **Management of Hypertension and Cardiotoxicity**
Anthony Yu, MD

10:50 AM **Management of Coagulopathies**
Gerald A. Soff, MD

11:20 AM **Management of Sexual Dysfunction in Women and Men**
Shari Goldfarb, MD and John P. Mulhall, MD

12:00 PM Adjourn

Saturday, October 24

Management of Immune-related Adverse Events

8:45 AM Virtual Course Checkin

MODERATOR: Allison Betof Warner, MD, PhD

9:00 AM **Day 2 Welcome and Introduction**
Mario E. Lacouture, MD

9:05 AM **Immune Related Adverse Events**
Allison Betof Warner, MD, PhD

9:30 AM **Management of Diarrhea and Colitis**
Michael Dougan, MD, PhD

10:00 AM **Management of Endocrine Adverse Events**
James Flory, MD

10:30 AM Break

MODERATOR: Bianca D. Santomaso, MD, PhD

10:45 AM **Management of Rheumatologic Adverse Events**
Anne R. Bass, MD

11:10 AM **Management of Dermatologic Adverse Events**
Mario E. Lacouture, MD

11:35 AM **Management of Neurologic Adverse Events**
Bianca D. Santomaso, MD, PhD

11:55 AM **Management of Cardiac Adverse Events**
Dipti Gupta, MD, MPH

12:10 PM **Closing Remarks**
Mario E. Lacouture, MD

12:15 PM Adjourn

EACH LECTURE WILL CONCLUDE WITH A 5 MINUTE Q&A

Register online: mskcc.org/adverseevents

Virtual Registration Fees	Early*	General
Physicians (MDs, PhDs and DOs)	\$250	\$300
Advanced Practice Providers (NPs and PAs)	\$200	\$250
Pharmacists, Nurses and Other Healthcare Providers	\$150	\$200
Fellows and Residents	\$50	\$100
Industry Professionals**	n/a	\$525

*Early registration rates available through September 23, 2020.

**Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online. All sessions presented live on October 23-24, 2020, will be recorded and made available to attendees for viewing after the course.

CME and ABIM MOC credit will be offered for this course and a certificate will be available after a post-course evaluation is complete. This new live virtual course will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection. Access details will be emailed to all attendees before the course.

Registration Discounts/Promotions

- MSK CME offers a discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners. If you are a member of one of these groups, please contact cme@mskcc.org for more information.
- MSK employee registration is complimentary. However, you must complete course registration in order to attend this course. If you are registered for this course and are unable to attend, please email cme@mskcc.org.

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **6.75 Medical Knowledge MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
