

Management of Treatment-Related Adverse Events

SYMPOSIUM

MSK CME is pleased to offer an on demand option for the *Management of Treatment-Related Adverse Events Symposium*, which was recorded October 23-24, 2020.

The on demand registration fee will include access to a video recording from the two-day symposium as well as an online syllabus (PDFs of the presentations). CME credit and ABIM MOC points are available for the on demand program; access details credit instructions are included in the registration confirmation email.

Symposium Highlights

- Therapy-related adverse events will affect the majority of cancer patients, resulting in increased cost, inconsistent dosing, and decreased quality of life.
- With increased survival and patients living longer on therapy, adverse events affecting quality of life and clinical outcome command attention.
- Lectures focused on immune-related adverse events will describe the clinical presentation, diagnosis, and management strategies for the oncology healthcare provider.
- Up-to-date information will be presented on adverse event mechanisms and management from specialists in the most commonly affected organ systems.
- Practical strategies to identify patients at high risk will be highlighted, with strategies to direct patients towards the most efficient therapies based on healthcare providers.
- New strategies to monitor and manage symptoms of patients on active anticancer treatment will be discussed including patient-reported outcomes and teleoncology visits.

Endorsed by the
Multinational Association of Supportive Care in Cancer

OVERVIEW

Systemic anticancer therapies (cytotoxic chemotherapies, targeted therapies, immunotherapies) have resulted in remarkable improvements in patient survival. Despite this remarkable success, the majority of patients will develop toxicities of various organ systems, which may impact overall health and activities of daily living, resulting in inconsistent antineoplastic therapy, all of which may affect clinical outcome. Therefore, prevention and management of untoward events is critical for the maintenance of quality of life and the optimization of anticancer therapies.

The target audience for this program includes MDs, PAs, NPs, RNs, Pharmacists, and other healthcare professionals treating cancer patients and their associated symptoms.

Learning Objectives

- Recognize the clinical presentation and impact on quality of life of treatment-related adverse events
- Understand mechanisms to identify and triage patients at high risk for the development of toxicities
- Discuss procedures and clinical strategies to prevent and treat adverse events in patients with cancer

MSK Course Director

Mario E. Lacouture, MD

Member, Memorial Hospital
Dermatology Service

MSK Course Co-Directors

Shari B. Goldfarb, MD

Assistant Attending
Breast Medicine Service

Robert Daly, MD, MBA

Attending
Lung Service

FACULTY

Invited Course Faculty

Anne R. Bass, MD

Rheumatology Fellowship Program Director
Hospital for Special Surgery
Professor of Clinical Medicine,
Weill Cornell Medical College
New York, NY

Michael Dougan, MD, PhD

Assistant Professor, Medicine, Harvard Medical School
Assistant in Medicine, Medicine, Division of Gastroenterology,
Massachusetts General Hospital

Charles Loprinzi, MD

Consultant, Division of Medical Oncology
Department of Oncology
Mayo Clinic
Rochester, MN

MSK Course Faculty

Ting Bao, MD, DABMA, MS

Assistant Attending
Integrative Medicine Service

James Flory, MD

Assistant Attending
Endocrine Service
Assistant Professor,
Department of Healthcare Policy and Research
Weill Cornell Medical College

Dipti Gupta, MD, MPH

Assistant Attending
Cardiology Service

Jeffrey S. Groeger, MD

Chief Attending, Urgent Care Service
Professor of Medicine,
Weill Cornell Medical College

John P. Mulhall, MD

Attending
Urology Service

Bianca D. Santomaso, MD, PhD

Assistant Attending
Neuro-Oncology Service

Gerald Soff, MD

Chief, Hematology Service
Co-Director, Hematology-Oncology Fellowship
Professor of Clinical Medicine,
Weill Cornell Medical College

Allison Betof Warner, MD, PhD

Assistant Attending
Medical Oncology Service

Anthony Yu, MD

Assistant Attending
Cardiology Service

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

SESSION I

Adverse Event Surveillance and Management in Clinical Care

MODERATOR: Robert Daly, MD, MBA

5 MIN. **Welcome and Introduction: Importance of Adverse Events**
Mario E. Lacouture, MD

30 MIN. **Insight Care**
Robert Daly, MD, MBA

25 MIN. **Symptom Care Clinics**
Jeffrey S. Groeger, MD

30 MIN. **Management of Chemotherapy Induced Neuropathy**
Charles Loprinzi, MD

30 MIN. **Integrative Medicine to Manage Adverse Events**
Ting Bao, MD, DABMA, MS

MODERATOR: Shari Goldfarb, MD

20 MIN. **Management of Hypertension and Cardiotoxicity**
Anthony Yu, MD

30 MIN. **Management of Coagulopathies**
Gerald A. Soff, MD

40 MIN. **Management of Sexual Dysfunction in Women and Men**
Shari Goldfarb, MD and John P. Mulhall, MD

SESSION II

Management of Immune-related Adverse Events

MODERATOR: Allison Betof Warner, MD, PhD

5 MIN. **Welcome and Introduction**
Mario E. Lacouture, MD

25 MIN. **Immune Related Adverse Events**
Allison Betof Warner, MD, PhD

30 MIN. **Management of Diarrhea and Colitis**
Michael Dougan, MD, PhD

30 MIN. **Management of Endocrine Adverse Events**
James Flory, MD

MODERATOR: Bianca D. Santomaso, MD, PhD

25 MIN. **Management of Rheumatologic Adverse Events**
Anne R. Bass, MD

25 MIN. **Management of Dermatologic Adverse Events**
Mario E. Lacouture, MD

20 MIN. **Management of Neurologic Adverse Events**
Bianca D. Santomaso, MD, PhD

15 MIN. **Management of Cardiac Adverse Events**
Dipti Gupta, MD, MPH

5 MIN. **Closing Remarks**
Mario E. Lacouture, MD

On Demand Registration Fees

Physicians (MDs, PhDs and DOs)	\$300
Advanced Practice Providers (NPs and PAs)	\$250
Pharmacists, Nurses and Other Healthcare Providers	\$200
Fellows and Residents	\$100
Industry Professionals*	\$525

*Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

By registering for this on demand program, you will receive access to videos from the two day course, which was originally recorded on October 23-24, 2020, as well as PDFs of the speaker presentations. Access details will be included in your registration confirmation email.

This on demand program will be available for purchase until **December 31, 2021**. Access to the videos and claiming credit will be available until **March 31, 2022**.

Registration Discounts/Promotions

- MSK CME offers a discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners. If you are a member of one of these groups, please contact cme@mskcc.org for more information.
- MSK employee registration is complimentary. However, you must complete course registration in order to attend this course. If you are registered for this course and are unable to attend, please email cme@mskcc.org.

Registration for this MSK CME on demand program is non-refundable.

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **6.75 Medical Knowledge MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
