

The Pathology of Neoplastic Diseases | April 29 - May 3, 2019

SUMMARY

This four and one half day course will provide an up-to-date review of the pathology of selected sub-specialty areas of neoplastic disease, including gastrointestinal, genitourinary and thoracic pathology. Appropriate use of advanced diagnostic techniques such as immunohistochemistry and molecular pathology will be incorporated into the lectures, including the assessment of therapeutic biomarkers. Case presentations will also be integrated into some sessions. Finally, more intimate, interactive slide seminar sessions on selected topics in breast, gastrointestinal, genitourinary and thoracic will be available (registration is limited, additional fees apply). The Department of Pathology at Memorial Sloan Kettering Cancer Center has produced a course on the Surgical Pathology of Neoplastic Diseases for over 30 years. With the 35th edition, we continue to expand the scope of the course to reflect the increasing contributions of cytopathology, immunopathology, and molecular pathology. The course faculty will include the attending pathology staff from Memorial Sloan Kettering Cancer Center along with selected clinical faculty. Course participants will receive a complete syllabus within our new CME portal, along with digitized glass slides of cases for review. The course will be held on the campus of Memorial Sloan Kettering Cancer Center on the Upper East Side of Manhattan, a vibrant and safe neighborhood within easy access of the widely varied cultural attractions of New York City. A full breakfast and lunch will be provided daily.

AUDIENCE

This course is directed toward practicing pathologists, both in academic and private practice environments, as well as residents and fellows in pathology, who wish to broaden their understanding of neoplastic diseases.

ACCREDITATION STATEMENT

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of 32.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SELF ASSESSMENT MODULES (SAMs)

This program will include 20 SAM Credits.

LOCATION

EDUCATIONAL OBJECTIVES

Participants will learn the current classifications and diagnostic criteria for tumors and tumor-like lesions of the selected sub-specialty areas, including both common and unusual entities. The appropriate use of ancillary diagnostic techniques will be highlighted. Complete differential diagnoses will be discussed, and a practical, problem-oriented approach to the pathologic evaluation of specimens will be emphasized. Participants will learn about the clinical features of the various tumor entities along with pathologic and molecular prognostic factors and predictors of therapeutic responsiveness.

GOALS OF THE COURSE

The purpose of this course is to review in depth selected topics in the pathology of neoplastic diseases, with an emphasis on clinical features, diagnostic criteria including the use of novel diagnostic modalities when applicable, prognostic factors, and assessment of therapy-related factors.

COURSE DESIGN

This course consists of didactic lectures with question and discussion periods as well as case presentations and interactive slide seminars. The lectures are organized by the specific sub-specialties to be covered this year, with 1-2 days devoted to each of three areas (gastrointestinal pathology, genitourinary pathology and thoracic pathology).

REGISTRATION NOTES

EARLY*	GENERAL	
\$1000	\$1100	MDs, PhDs and DOs
\$650	\$750	Residents and Fellows**

*Deadline is April 1, 2019.

**A reduced rate of \$650 (\$750 after 4/1/19) is offered to pathologists-in-training; the registration must be accompanied by a letter from the residency or fellowship program director certifying the applicant's status. Optional slide seminars are offered for an additional fee of \$50 each. Seating is limited.

Optional slide seminar:
Thoracic Pathology (Mon. 4/29)
Gastrointestinal Pathology (Weds. 5/1)
Genitourinary Pathology (Thurs. 5/2)

Registration fees include attendance at the course, handout materials, and meals. Written notice of cancellation must be received no later than April 1, 2019. Refunds are subject to a \$65 administrative charge and will be processed after the conference. For more information, please contact the CME office at 646-227-2025, Fax: 212-557-0773, Address: 633 Third Avenue, 12th FL, New York, NY 10017 or via e-mail cme@mskcc.org.
