Cancer Center

Overview

This is a one-and-a-half-day live and virtual rectal cancer symposium will feature **international and national expert faculty**.

Day 1 includes presentations that will delve into the complexities of choosing between neoadjuvant therapies and operative and non-operative approaches. The day will begin with the **Stuart Quan lecture** on the use of immunotherapy in CRC. This talk will be followed by sessions on

- 1) early-stage rectal cancer;
- 2) upper rectal cancer;
- 3) mid/lower rectal cancer; and
- 4) MSI and stage IV rectal cancer.

Each session will be accompanied by **interactive discussions** with thought leaders and attendees. Additionally, in-person attendees are invited to join the course faculty for a **networking reception** on Friday evening, immediately following the conclusion of the day.

Day 2 will include sessions with presentations highlighting **recent landmark colorectal cancer clinical trials** and real-life applications, including Niche, Dynamic, AINKER, and NeoTrial, by their investigators and discussed by expert faculty. The day will conclude with a **multidisciplinary tumor board**.

Who Should Attend

This symposium is intended for medical oncologists, radiation oncologists, interventional radiologists, colorectal/hepatopancreatobiliary/oncologic surgeons, gastroenterologists, pathologists, and other oncology care team members interested in rectal cancer.

We invite attendees to join us **in-person** at Memorial Sloan Kettering's Zuckerman Research Center in **New York** for this program.

In-person Registration

All in-person attendees must be fully vaccinated against COVID-19 at least two (2) weeks prior to this event and upload a copy of their COVID-19 vaccination card during registration.

The MSK CME team recognizes that the COVID-19 situation is fluid. We will continue monitoring key indicators and adjust our policies as needed to ensure the safety of our community.

Call for Abstracts

Participants of the 6th Annual Advances in Colorectal Oncology are invited to submit an abstract for presentation at the poster session. Abstracts will be selected on the basis of scientific merit and presentation quality.

A discounted rate is available for authors who submit an abstract. Information will be included in your submission email. Additionally, **three \$500 travel grants** will be awarded, one for each of the following:

- 1) Attending's Choice Award**
- 2) Best Resident/Fellow Award**
- 3) People's Choice Award**

Submit abstracts online at mskcc.org/colorectalcourse
Deadline extended to **October 28, 2022**

2022 Hands-on Rectal MRI Workshop

Memorial Sloan Kettering Cancer Center is hosting a Hands-on Rectal MRI Workshop on **Thursday, November 10, 2022** for practicing radiologists, radiologists in training, and anyone with an interest in pelvic MRI.
