

Memorial Sloan Kettering Cancer Center

3rd Annual Advances in Colorectal Oncology

NOVEMBER 8-10, 2018 • NEW YORK

Memorial Sloan Kettering
Cancer Center

ADVANCES IN
COLORECTAL ONCOLOGY
2018

3rd Annual Advances in Colorectal Oncology

The conference will provide attendees with up-to-date information on the biology, diagnosis, and treatment of colorectal cancer. In addition to lectures, the conference will include opportunities for interactive exchange of ideas between participants and faculty.

THURSDAY NOVEMBER 8

■ **Tri-Institutional Robotic Symposium**

The symposium will include live and recorded demonstrations of surgical techniques, detailed step-by-step analysis of surgical procedures, and presentations by experts on the latest advances in the use of robotic technology for minimally invasive surgical treatment of colorectal cancer.

■ **Rectal MRI Workshop**

This hands-on workshop for practicing radiologists, radiologists in training, and anyone with an interest in pelvic MRI will run concurrently with the symposium on robotics. For details and registration, visit mskcc.org/RectalMRI.

FRIDAY-SATURDAY NOVEMBER 9-10

■ **Symposium on Nonmetastatic Colon Cancer**

With multidisciplinary expert panel discussions of real-life clinical scenarios and interactive audience participation, this symposium will examine key decision points in the management of nonmetastatic colon cancer. Attendees will learn how to tailor care to the unique needs of their patients and appreciate the value of interdisciplinary partnerships for optimizing outcomes.

NETWORKING RECEPTION

All course participants are invited to join the course faculty for a cocktail reception on Thursday evening, November 8th, from 5:00 to 6:30 PM in the lobby of the Zuckerman Research Center.

CALL FOR ABSTRACTS

Participants are invited to submit an abstract for presentation at the poster session. Abstracts will be selected on the basis of scientific merit and presentation quality.

Three travel grants will be awarded:

- Attendings' Choice Award
- Best Resident/Fellow Award
- People's Choice Award

A discounted rate is available for authors of accepted posters. For more information or to submit an abstract online, visit mskcc.org/ColorectalCourse.

ENDORSED BY

This educational activity is endorsed by the **AGA Institute** and the **American College of Gastroenterology**.

Join the conversation!

#MSKColorectalCME 

Tri-Institutional Robotic Symposium

Thursday, November 8

Overview

The symposium will include live and recorded demonstrations of surgical techniques, detailed step-by-step analysis of surgical procedures, and presentations by experts on the latest advances in the use of robotic technology for minimally invasive surgical treatment of colorectal cancer.

Target Audience

This symposium is intended for colon and rectal surgeons, general surgeons, surgical oncologists, fellows, residents, PAs, NPs, RNs, and anyone interested in learning about robotic surgery.

Educational Objectives

- Understand the requirements for a successful robotic colorectal program
- Become familiar with different approaches to minimally invasive colorectal procedures
- Review the principles of complete mesenteric excision in colorectal cancer

Course Directors

Julio Garcia-Aguilar, MD, PhD
Chief, Colorectal Service
Benno C. Schmidt Chair in Surgical Oncology
Department of Surgery
Memorial Sloan Kettering Cancer Center
New York, New York

George J. Chang, MD, MS, FACS, FASCRS
Chief, Section of Colon and Rectal Surgery
Department of Surgical Oncology
University of Texas MD Anderson Cancer Center
Houston, Texas

David W. Larson, MD, MBA
Professor and Chair
Department of Colon and Rectal Surgery
Mayo Clinic School of Medicine
Rochester, Minnesota

Memorial Sloan Kettering Course Faculty

José G. Guillem, MD, MPH, FACS, FASCRS
Attending Surgeon
Department of Surgery

Mario M. Leitao, Jr., MD, FACOG, FACS
Attending Surgeon
Director, Minimal Access and Robotic Surgery Program
Department of Surgery

Garrett M. Nash, MD, MPH, FACS, FASCRS
Associate Attending Surgeon
Department of Surgery

Emmanouil Pappou, MD
Assistant Attending Surgeon
Department of Surgery

Michael Patane, MS, PA-C
PA Coordinator, Minimal Access and Robotic Surgery Program
Department of Surgery

Philip B. Paty, MD
Attending Surgeon
Department of Surgery

J. Joshua Smith, MD, PhD
Assistant Attending Surgeon
Department of Surgery

Iris H. Wei, MD
Assistant Attending Surgeon
Department of Surgery

Martin R. Weiser, MD
Vice Chair for Education and Faculty Development
Stuart H.Q. Quan Chair in Colorectal Surgery
Department of Surgery

Invited Course Faculty

Brian Bednarski, MD, FACS
Assistant Professor
Department of Surgical Oncology
University of Texas MD Anderson Cancer Center
Houston, Texas

Paul Nickerson, MD
Assistant Professor
Department of Surgical Oncology
University of Texas MD Anderson Cancer Center
Houston, Texas

Tsuyoshi Konishi, MD, PhD
Head Attending Surgeon
Colorectal Division, Department of Gastroenterological Surgery
Cancer Institute Hospital
Tokyo, Japan

Ron G. Landmann, MD
Chief, Section of Colon and Rectal Surgery
Baptist MD Anderson Cancer Center
Jacksonville, Florida

Kellie Mathis, MD
Associate Professor
Department of Colon and Rectal Surgery
Mayo Clinic School of Medicine
Rochester, Minnesota

Amit Merchea, MD
Senior Associate Consultant
Department of Colon and Rectal Surgery
Mayo Clinic
Jacksonville, Florida

Yi-Qian Nancy You, MD
Associate Professor
Department of Surgical Oncology
University of Texas MD Anderson Cancer Center
Houston, Texas

Memorial Sloan Kettering
Cancer Center

Tri-Institutional Robotic Symposium

Schedule

7:00 AM	Registration & Breakfast
7:45 AM	Welcome & Introduction Julio Garcia-Aguilar, MD, PhD George J. Chang, MD, MS David W. Larson, MD, MBA

Live Surgery, Presentations

A live surgery will be video streamed between the presentations.

SURGEONS
Julio Garcia-Aguilar, MD, PhD
Garrett M. Nash, MD, MPH
Martin R. Weiser, MD
Philip B. Paty, MD
José G. Guillem, MD, MPH

SESSION I Preliminaries

CHAIR: Philip B. Paty, MD

7:50 AM	Developing a Robotic Program Mario M. Leitao, Jr., MD
8:00 AM	Operating Room Setup Michael Patane, MS, PA-C
8:10 AM	Training and Education in Robotic Surgery Kellie Mathis, MD
8:20 AM	Rational Use of Equipment José G. Guillem, MD, MPH

SESSION II Right Colectomy

CHAIR: George J. Chang, MD, MS

8:30 AM	Paul Nickerson, MD Iris H. Wei, MD Amit Merchea, MD
---------	---

10:00 AM	Break
----------	-------

SESSION III Left Colectomy and Left Colon Mobilization

CHAIR: J. Joshua Smith, MD, PhD

10:15 AM	Yi-Qian Nancy You, MD Emmanouil Pappou, MD Amit Merchea, MD
----------	---

12:00 PM	Lunch Break
----------	-------------

SESSION IV Rectal Dissection

CHAIR: David W. Larson, MD, MBA

1:00 PM	Brian Bednarski, MD Kellie Mathis, MD Garrett M. Nash, MD, MPH
---------	--

3:00 PM	Break
---------	-------

SESSION V Controversies and Hot Topics

CHAIR: Yi-Qian Nancy You, MD

3:30 PM	Setup for Total Abdominal Proctocolectomy Amit Merchea, MD
3:40 PM	Options for Vessel Ligation Emmanouil Pappou, MD
3:50 PM	Intraoperative Complications Ron G. Landmann, MD
4:00 PM	Robotic TAMIS David W. Larson, MD, MBA
4:10 PM	Pelvic Lymph Node Dissection Tsuyoshi Konishi, MD, PhD
4:20 PM	Discussion
5:00 PM	Adjourn

Cocktail Reception and Poster Session

All participants are invited to join the faculty for a cocktail reception on Thursday evening from 5:00 PM to 6:30 PM.

Memorial Sloan Kettering
Cancer Center

Rectal MRI Workshop

Thursday, November 8

Overview

The use of pelvic MRI in routine clinical practice is growing rapidly, mainly due to the extensive evidence supporting its clinical value and expanding clinical indications. This hands-on course will offer the opportunity to learn or brush up on fundamental rectal MRI skills. Short lectures and whole-case reviews on individual workstations will demonstrate the pearls and pitfalls in the evaluation of rectal MRI performed for staging and follow-up evaluations.

Target Audience

This educational activity is designed for practicing radiologists, radiologists in training, and anyone with an interest in pelvic MRI.

Educational Objectives

- Understand how to perform high-quality MRI of the pelvis for rectal cancer evaluation
- Understand how to interpret baseline staging MRI for rectal cancer
- Understand how to interpret posttreatment restaging MRI for rectal cancer
- Understand the value of synoptic/templated reports for rectal cancer

Course Director

Marc J. Gollub, MD, FACR, FSAR
Director of CT and GI Imaging
Department of Radiology
Memorial Sloan Kettering Cancer Center

MSK Course Faculty

David Bates, MD

Assistant Attending Radiologist

Jennifer S. Golia Pernicka, MD

Assistant Attending Radiologist

Viktoriya Paroder, MD, PhD

Assistant Attending Radiologist

Iva Petkovska, MD

Assistant Attending Radiologist

Invited Faculty

Regina G. H. Beets-Tan, MD, PhD

Professor and Chair
Department of Radiology
The Netherlands Cancer Institute
Amsterdam, The Netherlands

Mukesh Harisinghani, MD

Director, Abdominal MRI
Department of Radiology
Massachusetts General Hospital
Boston, Massachusetts

Schedule

7:30 AM	Registration & Breakfast
7:55 AM	Welcome & Introduction Marc J. Gollub, MD
8:00 AM	Normal Pelvic Anatomy and Optimal MR Technique Mukesh Harisinghani, MD
8:15 AM	Baseline Rectal Cancer Staging Iva Petkovska, MD
8:30 AM	Hands-On Review on Workstations
9:45 AM	Break
10:00 AM	Hands-On Review on Workstations
11:00 AM	Posttreatment Restaging MRI Regina G. H. Beets-Tan, MD, PhD
11:15 AM	Question & Answer Session
12:00 PM	Lunch Break
1:00 PM	Structured Reporting for Rectal Cancer MRI Jennifer S. Golia Pernicka, MD
1:15 PM	Hands-On Review on Workstations
2:15 PM	Pearls and Pitfalls of Interpreting Baseline and Restaging MRI Viktoriya Paroder, MD, PhD
2:30 PM	Imaging and Staging Anal Squamous Cell Cancer David Bates, MD
2:45 PM	Hands-On Review on Workstations
4:30 PM	Question & Answer Session
5:00 PM	Adjourn

Cocktail Reception and Poster Session

All participants are invited to join the faculty for a cocktail reception on Thursday evening from 5:00 PM to 6:30 PM.

Symposium on Nonmetastatic Colon Cancer

Friday-Saturday, November 9-10

Overview

International thought leaders will provide up-to-date information regarding optimal care for patients with nonmetastatic colon cancer. Advances in imaging, neoadjuvant therapies, surgical techniques, and tumor profiling are leading to opportunities for greater personalization of treatment. One of the challenges faced by clinical practitioners and healthcare organizations is timely integration of these important innovations, often developed at specialty centers, into day-to-day clinical practice in the community setting, closer to where patients live.

With multidisciplinary expert panel discussions of real-life clinical scenarios and interactive audience participation, this symposium will examine key decision points in the management of nonmetastatic colon cancer. Attendees will learn how to tailor care to the unique needs of their patients and appreciate the value of interdisciplinary partnerships for optimizing outcomes.

Target Audience

This symposium will help oncologists, surgeons, gastroenterologists, pathologists, and other oncology care team members acquire clinically relevant, cutting-edge knowledge and translate it into best practices.

Educational Objectives

- Update participants on the latest developments in screening for colon cancer
- Improve understanding of epidemiologic trends, causes, and treatment considerations specific to young-onset colon cancer
- Increase familiarity with current approaches to improving the quality of surgery and optimizing colon cancer outcomes
- Bring participants up to date on risk stratification and the use of adjuvant therapy for nonmetastatic colon cancer

Course Directors

Symposium on Nonmetastatic Colon Cancer

Schedule

Friday, November 9

7:30 AM Registration & Breakfast

Stuart Quan Lecture Series and Department of Medicine Grand Rounds

8:00 AM **Welcome & Introduction**
Julio Garcia-Aguilar, MD, PhD
Martin R. Weiser, MD

8:10 AM **Colorectal Cancer Screening: A 2018 Perspective**
Sidney J. Winawer, MD

SESSION I Screening

CHAIR: Marc J. Gollub, MD

9:00 AM **Colonoscopy/CT Colonography**
Arnold J. Markowitz, MD

9:15 AM **Blood Markers**
Luis Alberto Diaz, Jr., MD

9:30 AM **Chemoprevention**
Marios Giannakis, MD, PhD

9:45 AM **Discussion**

10:00 AM Break

SESSION II Young-Onset Colorectal Cancer

CHAIRS: José G. Guillem, MD, MPH & Karuna Ganesh, MD, PhD

10:30 AM **Epidemiology of CRC: What's Changing?**
Andrea Cercek, MD

10:45 AM **Is It in the Genes?**
Zsofia K. Stadler, MD

11:00 AM **Is It in the Environment?**
Irit Ben-Aharon, MD, PhD

11:15 AM **Is It in the Gut?**
Philip Quirke, BM, PhD

11:30 AM **Treatment Implications**
Andrea Cercek, MD

11:45 AM **Treatment Implications for Fertility**
Nicole Noyes, MD

12:00 PM **Discussion**

12:30 PM Lunch Break

SESSION III Improving Quality in Colon Cancer Surgery

CHAIRS: Martin R. Weiser, MD & Jinru Shia, MD

1:30 PM **Is Total Mesocolic Excision Necessary for All Colon Cancers?**
David W. Larson, MD, MBA

1:45 PM **What Are the Limits to Endoscopic Mucosal Resection?**
Makoto Nishimura, MD

2:00 PM **Can the Radiologist Guide Optimal Surgery?**
Regina G. H. Beets-Tan, MD, PhD

2:15 PM **Can the Pathologist Control the Quality of Surgery?**
Philip Quirke, BM, PhD

2:30 PM **When and How Can the Medical Oncologist Help Improve the Results of Surgery?**
Leonard Saltz, MD

2:45 PM **Intermediate Endpoint Data for FOxTROT**
Matt Seymour, PhD

3:00 PM **Discussion**

3:15 PM Break

SESSION IV Risk Stratification/Surveillance for Adjuvant Therapy

CHAIRS: Rona D. Yaeger, MD & Evi Vakiani, MD

3:30 PM **Prognostication with Molecular Markers**
Sabine Tejpar, MD, PhD

3:45 PM **Risk Stratification with cfDNA**
Scott Kopetz, MD, PhD

4:00 PM **Predicting Recurrence**
Jennifer S. Golia Pernicka, MD

4:15 PM **Intensive versus Less-Intensive Surveillance**
George J. Chang, MD, MS

4:30 PM **Lifestyle Modifications for Survivors**
Jeffrey A. Meyerhardt, MD, MPH

4:45 PM **Discussion**

5:00 PM Adjourn

Saturday, November 10

7:30 AM Breakfast

SESSION V Hot Topics

CHAIRS: Yelena Y. Janjigian, MD & Luis Alberto Diaz, Jr., MD

8:00 AM **IDEA Trial, United States**
Jeffrey A. Meyerhardt, MD, MPH

8:20 AM **Treatment of MSI-H Cancer**
Michael J. Overman, MD

8:40 AM **Immunotherapy Trials**
Leonard Saltz, MD

9:20 AM **PRODIGE 7 Trial**
François Quenet, MD

9:40 AM **ERBB2/Mountaineer Trial**
Andrea Cercek, MD

10:00 AM Break

TUMOR BOARD Colon and Rectal Cases

CHAIRS: Julio Garcia-Aguilar, MD, PhD & J. Joshua Smith, MD, PhD

10:15 AM **High-risk Stage II, Polyposis, Young Onset, Complete Mesocolic Excision, Incomplete Mesocolic Excision**

12:30 PM Adjourn

Registration

Registration Fees	NOV 8 Tri-Institutional Robotic Symposium	NOV 9-10 Symposium on Nonmetastatic Colon Cancer	NOV 8-10 Both Symposiums
Physicians (MDs, PhDs, and DOs)	\$200	\$400	\$500
Residents, Fellows, and Healthcare Professionals	\$150	\$300	\$350
Industry Professionals*	\$475	\$950	\$1,325

***Industry Professionals** may attend CME activities for their own education. Marketing, sales, and promotion of products and services are strictly prohibited at MSK CME activities.

Register Online: mskcc.org/ColorectalCourse

Registration includes continental breakfast, lunch, and refreshment breaks. Please contact cme@mskcc.org at least one week prior to the course if you have any special dietary needs.

- **30% Discounted Rate for MSK Alumni and MSK Cancer Alliance Members:** MSK offers a 30% discounted rate to all MSK Alumni and MSK Cancer Alliance members to attend a CME course. Please contact cme@mskcc.org for a promotion code or more information.
- **MSK Staff Registration:** Registration is complimentary for MSK staff. However, you must register online: mskcc.org/ColorectalCourse

Accreditation

Accreditation Statement

MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **18.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CE Credits

This course will not offer nursing CE credits. Nurses will receive a non-physician CME certificate for **AMA PRA Category 1 Credits™**. Certain nursing certification providers (such as ANCC) may accept this certificate for CE requirements. Please check with your certification providers for more information.

Faculty Disclosure

It is the policy of MSK to make every effort to ensure balance, independence, objectivity, and scientific rigor in all continuing medical education activities it offers as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer of any commercial product and/or provider of commercial services which are discussed by them in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
