CONTEMPORARY MANAGEMENT OF COMPLEX SKIN CANCERS

OCTOBER 16-17, 2020

A unique combination of multidisciplinary management of complex skin cancers with an update on clinically relevant issues in pathology.
A New *Live* Virtual Experience

We are excited to announce that the *Contemporary Management of Complex Skin Cancers 2020* course will be delivered as a *live virtual experience*. By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online.

Highlights of the 2020 live virtual course include:

- **Lectures** and case presentations with a multidisciplinary panel of experts on:
  - Cutaneous Melanoma
  - Melanoma
  - Melanoma: Challenging Subtypes
  - Keratinocyte Carcinomas
  - Challenging Skin Malignancies
  - Adnexal and Eyelid Malignancies

- **Ample time for discussion and Q&A** with course faculty, including dedicated time for faculty meet and greets.

- **Invited course faculty:**
  - **Susan M. Swetter, MD**
    Stanford University Medical Center & Cancer Institute
  - **Michael T. Tetzlaff, MD, PhD**
    University of California, San Francisco
  - **Iwei Yeh, MD, PhD**
    UCSF Clinical Cancer Genomics Laboratory

- Earn up to **13.25 AMA PRA Category 1 Credits™**.

This new live virtual course will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection. Access details will be emailed to all attendees before the course.

[mskcc.org/skincancercourse](mskcc.org/skincancercourse)
OVERVIEW

This course will offer a unique combination of multidisciplinary management of complex skin cancers with an update on clinically relevant issues in pathology. Novel diagnostic methods and updates in tumor classification will be emphasized. Melanoma and other complex skin malignancies will be presented and discussed in a tumor board style with a panel of experts from dermatology, head and neck surgery, medical, surgical, and ophthalmic oncology, pathology, and radiation oncology.

Target Audience

The target audience includes physicians and allied health professionals, who care for patients with skin cancer, including dermatologists, surgical and medical oncologists, otolaryngologists, ophthalmologists, general surgeons, plastic surgeons, pathologists and radiation oncologists.

Learning Objectives

- Describe melanoma and non melanoma skin cancer incidence and staging systems
- Assess role of ancillary tests for melanoma diagnosis and prognosis
- Review recent updates in WHO classification of melanocytic tumors
- Define characteristics of skin cancers that require multidisciplinary treatment
- Review novel approaches to optimize surgical treatment of skin cancers
- Assess role and variety of radiotherapeutic approaches to complex skin cancer
- Review role of biological therapy in the treatment of advanced skin cancer
MSK COURSE DIRECTORS

Kishwer S. Nehal, MD
Director, Mohs Micrographic and Dermatologic Surgery
Program Director, Micrographic Surgery and Dermatologic Oncology Fellowship
Attending Physician
Dermatology Service
Department of Medicine

Bhuvanesh Singh, MD, PhD
Director, Laboratory of Epithelial Cancer Biology
Attending Surgeon
Head & Neck Service
Department of Surgery

Klaus J. Busam, MD
Director, Dermatopathology Service
Director, Dermatopathology Fellowship Program
Attending Pathologist
Dermatopathology Service
Department of Pathology

INVITED COURSE FACULTY

Susan M. Swetter, MD
Professor of Dermatology
Director, Pigmented Lesion and Melanoma Program
Physician Leader, Cancer Care Program in Cutaneous Oncology
Stanford University Medical Center and Cancer Institute

Michael T. Tetzlaff, MD, PhD
Professor of Dermatology and Pathology
University of California, San Francisco

Iwei Yeh, MD, PhD
Associate Professor of Dermatology and Pathology
University of California San Francisco (UCSF)
Associate Director, UCSF Clinical Cancer Genomics Laboratory
MSK COURSE FACULTY

Charlotte E. Ariyan, MD, PhD  
Associate Attending Surgeon  
Gastric and Mixed Tumor Service  
Division of General Surgical Oncology  
Department of Surgery

Christopher A. Barker, MD  
Director of Clinical Investigation  
Assistant Attending Radiation Oncologist  
Department of Radiation Oncology

Edmund K. Bartlett, MD  
Assistant Attending  
Department of Surgery

Danielle Bello, MD  
Assistant Attending  
Department of Surgery

Allison Betof Warner, MD, PhD  
Assistant Attending L1  
Melanoma Service  
Department of Medicine

Marc A. Cohen, MD, MPH  
Surgical Director, Pituitary & Skull Base Tumor Center  
Associate Attending Physician  
Head and Neck Service  
Department of Surgery

Daniel G. Coit, MD, FACS  
Attending Surgeon  
Gastric and Mixed Tumor Service  
Division of General Surgical Oncology  
Department of Surgery

Jennifer R. Cracchiolo, MD  
Assistant Attending Surgeon  
Head and Neck Service  
Department of Surgery

Lara A. Dunn, MD  
Assistant Attending  
Head and Neck Oncology Service  
Department of Medicine

Jasmine H. Francis, MD  
Assistant Attending  
Ophthalmic Oncology Service  
Department of Surgery

Travis Hollmann, MD, PhD  
Associate Attending Pathologist  
Dermatopathology Service  
Department of Pathology

Allison Kutner, MD  
Assistant Attending  
Dermatology Service  
Department of Medicine

Erica H. Lee, MD  
Attending Physician  
Dermatology Service  
Department of Medicine

Cecilia Lezcano, MD  
Assistant Attending Pathologist  
Dermatopathology Service  
Department of Pathology

Michael A. Marchetti, MD  
Assistant Attending  
Dermatology Service  
Department of Medicine

Ashfaq A. Marghoob, MD  
Director of Clinical Dermatology, MSK Hauppauge  
Attending Physician  
Dermatology Service  
Department of Medicine

Andrea Moy, MD  
Assistant Attending Pathologist  
Dermatopathology Service  
Department of Pathology

Melissa P. Pulitzer, MD  
Attending Pathologist  
Dermatopathology Service  
Department of Pathology

David Della Rocca, MD  
Associate Attending  
Oculoplastic and Orbital Surgeon, Ophthalmologist  
Department of Surgery

Anthony Rossi, MD  
Assistant Attending  
Dermatology service  
Department of Medicine

Veronica Rotemberg, MD, PhD  
Assistant Attending  
Dermatology Service  
Department of Medicine

Hilda E. Stambuk, MD  
Director, Head & Neck Radiology  
Attending Physician  
Radiology Service  
Department of Radiology

*Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

Registration Discounts/Promotions

- MSK CME offers a discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners. If you are a member of one of these groups, please contact cme@mskcc.org for more information.
- MSK employee registration is complimentary. However, you must complete course registration in order to attend this course.

By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online. CME and ABIM MOC credit will be offered for this course and a certificate will be available after a post-course evaluation is complete. This new live virtual course will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection. Access details will be emailed to all attendees before the course.

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of 13.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty Disclosure

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
