LIVE VIRTUAL // APRIL 12, 2021

CRITICAL CARE SYMPOSIUM

Featuring Optional Breakout Sessions
ULTRASONOGRAPHY • PEDIATRICS • RESPIRATORY THERAPY

Memorial Sloan Kettering Cancer Center
This one day virtual symposium is designed to provide a general overview of various critical care topics. This course is intended for nurse practitioners, physician assistants, nurses, respiratory therapists, physicians and other healthcare professionals interested in critical care.

Symposium Learning Objectives

• Identify the various therapeutic regimens for community acquired (CAP), hospital acquired (HAP), and ventilator acquired pneumonia (VAP)
• Decipher common abnormalities on various radiology examinations
• Identify signs and symptoms of Immunotherapy associated cardiotoxicities
• Decipher when to and when not to place an arterial catheter
• Recognize dermatological emergencies in the critical care patient
• Identify signs and symptoms of Posterior Reversible Encephalopathy Syndrome
• Recognize new ICU care models generated in the era of COVID-19

Optional Breakout Sessions

The afternoon will consist of three optional breakout sessions. Additional fees apply (selection made at registration):

• Ultrasonography: Point of care ultrasound is now an indispensable tool for emergency and critical care providers. This breakout session is aimed at helping providers gain a foundational understanding of point of care ultrasonography and basic skills to acquire and interpret ultrasound images.
• Respiratory Therapy: Respiratory care is at the mainstay of modern critical care medicine. Our breakout session is aimed at helping providers gain knowledge in various ventilator modes and other modalities such as bronchoscopy, HFNC, and noninvasive ventilation.
• Pediatric Critical Care: This breakout session is designed to present the latest professional topics and provide up-to-date clinical care in the Pediatric Intensive Care Unit.

Endorsed by the The Nurse Practitioner Association (NPA). Discount available for active NPA members; please email cme@mskcc.org for details.
Melissa Barzola, MSN, ACNP-BC, CCRN
Associate Director, Critical Care Center
Director of Advanced Practice Providers

Tara Buchholz, ACNP-BC
APP Manager, Intensive Care Unit

Leon Chen, DNP, AGACNP-BC, FCCP, FAANP
Clinical Program Manager, Research and Simulated Learning APP, Critical Care Center

Neil A. Halpern, MD, MCCM, FCCP, FACP
Director, Critical Care Center
Chief, Critical Care Medicine Service
Medical Director, Respiratory Therapy

Christine Marotta, PA-C
APP, Critical Care Center

Leslie V. Clermont, BS, RRT
Education Coordinator
Respiratory Therapy

Elizabeth Gordon, MSN, CPNP-AC
APP, Critical Care Center, Pediatrics

Cassie Martinez, MSN, CPNP-AC, CCRN
APP Manager, Pediatrics

Michelle Rausen, MS, RRT, RRT-NPS
Technical Director, Respiratory Therapy
## FACULTY

### INVITED COURSE FACULTY

- **Umesh Joashi, MD**  
  Attending Physician  
  Pediatric Critical Care  
  NewYork-Presbyterian/Weill Cornell Medical Center

- **Patrick Wilson, MD**  
  Attending Physician  
  Pediatric Critical Care  
  NewYork-Presbyterian/Columbia University Irving Medical Center

### MSK COURSE FACULTY

- **Jade Almendrala, MBA, RRT, RRT-ACCS, RRT-NPS**  
  Respiratory Therapist

- **Vittoria Arslan-Carlon, MD**  
  Chief of Anesthesiology

- **Kevin Curran, MD**  
  Attending Physician, Pediatric Bone Marrow Transplantation and Cellular Therapies

- **Dipti Gupta, MD**  
  Attending Physician, Cardiology

- **Todd Heaton, MD**  
  Attending Physician, Pediatric Surgery

- **Yasmin Khakoo, MD**  
  Director, Child Neurology Program

- **Alina Markova, MD**  
  Attending Physician, Dermatology

- **Benjamin Record, MD**  
  Director, Pediatric Pain Management

- **Elena Mead, MD**  
  Attending Physician, Critical Care

- **Lane Nguyen, PharmD**  
  Clinical Pharmacy Specialist, Pediatric Critical Care

- **Deborah Stein, ACNP-BC, CCRN**  
  Advanced Practice Provider, Critical Care

- **Robin Szymkiewicz, BS, RRT**  
  Respiratory Therapist

- **Kate Tayban, ACNP-BC, GNP-BC**  
  APP Manager, Step Down Unit

- **Chani Traube, MD**  
  Attending Physician, Pediatric Critical Care

- **Joanna Yohannes-Tomicich, AGACNP-BC**  
  APP Specialist, Critical Care

---

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

Point of care ultrasound is now an indispensable tool for emergency and critical care providers. This breakout session is aimed at helping providers gain a foundational understanding of point of care ultrasonography and basic skills to acquire and interpret ultrasound images.

By attending this session, attendees will:

• Understand the basic indications of point of care ultrasonography
• Understand the basic principles of vascular, thoracic and cardiac point of care ultrasonography

Respiratory care is at the mainstay of modern critical care medicine. Our breakout session is aimed at helping providers gain knowledge in various ventilator modes and other modalities such as bronchoscopy, HFNC, and noninvasive ventilation.

By attending this session, attendees will:

- Describe common modes of ventilation, frequently used ventilator settings, and troubleshooting
- Discuss the basic principles and strategies to improve ventilation and oxygenation in critically ill patients

BREAKOUT SESSION

Pediatric Critical Care

This breakout session is designed to present the latest professional topics and provide up-to-date clinical care in the Pediatric Intensive Care Unit.

By attending this session, attendees will:

• Describe current guidelines for pharmacological management in CRRT, ECMO, and malnourished states
• Apply the principles of EXMO in pediatric hematopoietic stem cell transplantation
• Discuss the diagnosis and management of pediatric delirium
• Discuss non-invasive ventilation in critically ill children in low and middle-income countries.
• Review pediatric airway complications and provider management
• Understand the complications of CAR-T Cell therapy
• Review the advances of minimally invasive surgery in the pediatric oncology population

MSK Kids, Memorial Sloan Kettering’s pediatric program, is dedicated to all children, young adults, and families facing childhood cancer. With specialized expertise and care focused on the individual child, we’re proud to say that more families turn to us for cancer care than any other hospital in the United States. And as pioneers in research, no one fights harder than our physicians and scientists to develop and deliver more effective strategies to prevent, treat, and ultimately cure childhood cancer—for our patients at MSK Kids, and for those everywhere.

</tbody>
</table>

There is an additional fee of $75 for the optional afternoon breakout sessions.

Registration Discounts/Promotions

- MSK CME offers a discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners.
- MSK employee registration is complimentary; however, you must complete course registration in order to attend this course.

For additional details on registration, including the MSK CME cancellation policy, please visit the course website: mskcc.org/criticalcare

This live virtual program will be delivered using Zoom. Detailed access and credit instructions will be emailed to attendees prior to the start of the course.

ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement
Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of 7.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Additional credit types pending.
