

Memorial Sloan Kettering Cancer Center presents

# Transforming Dermatology in the Post COVID-19 Digital Era

COMPLIMENTARY  
LIVE VIRTUAL EXPERIENCE

OCTOBER 22, 2020

6:20-9:15 PM

An overview of the exciting progress and existing challenges in the application of digital technology to deliver dermatologic care following the COVID-19 pandemic.

Memorial Sloan Kettering  
Cancer Center

**We are excited to announce that this year's course  
will be delivered as a live virtual experience  
and is complimentary to attend.**

---

The purpose of this course is to provide clinicians, scientists, and students with an overview of the that exciting progress and existing challenges in the application of digital technology to deliver dermatologic care following the COVID-19 pandemic. Furthermore, there will be discussion on the legal landscape in delivering healthcare via telehealth platform.

Participants will have the opportunity to hear from internationally recognized dermatology experts in skin cancer and dermato-oncology fields regarding the management of patients during and post COVID-19 era. There will also be discussion on the exciting effort to leverage digital technology as aids to dermatologic care in the future. There will be ample time for questions and discussions throughout the sessions.

The target audience for this course includes clinicians, researchers, and students to anticipate and participate in the application of digital technology for dermatologic care, in the post COVID-19 era.

Dermatology Service  
Memorial Sloan Kettering Cancer Center

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
