**MSK EBP**  
CONFERENCE • 2023

# Welcome

We are excited to invite you to join us virtually on February 15, 2023, for the **MSK 2023 Evidence-Based Practice Conference: From Bench to Bedside – Translating Evidence to Interprofessional Practice.**

## Overview

Evidence-based practice has been shown to reduce the time in which research takes to reach the bedside. This conference will include both podium and poster presentations designed to showcase actual examples of integrating evidence-based decision-making into daily clinical practice. Presentations will include a summary of the high-quality evidence used to make a recommendation for a change in practice, and how the change was implemented and measured. The content discussed will encompass **oncology, ambulatory care, interprofessional collaboration, leadership, and technology.**

## Who Should Attend

This conference is designed for healthcare professionals of all disciplines including nurses, advanced practice providers, physicians, pharmacists, dietitians, social work, physical therapists, occupational therapists, respiratory therapists, or any other licensed clinical practitioner interested in learning more about evidence-based healthcare and how to integrate it into their practice.

## Keynote Speaker

**Dr. Katy Lanz** is a healthcare executive with over two decades of national clinical and operational successes. Katy is the Founder & Principal of TopSight Partners, a clinical design advisory firm that supports companies hoping to create, evolve, and scale clinical services. She is currently a senior advisor to Dollar General, supporting their rural health initiative and Personal Care Medical Associates, advancing their national geriatric value based initiatives. Most recently, Katy led as Chief Clinical Officer for Aspire Health, from start-up to becoming the largest palliative practice in the country.

The first 10 years of Katy's career were at the bedside of the seriously ill. She is a nationally awarded clinical expert, mentor, fellow in palliative care, triple board certified, and leadership/business trained through Vanderbilt's Inaugural DNP program and Duke's Clinical Leadership Fellowship. Katy has led two demonstrations and contracts with the Center for Medicare and Medicaid Innovation and presently serves on the board of the National Hospice and Palliative Care Organization.
