

# FIRESIDE CHAT

PRESENTED BY THE MSK GME ED&I SUBCOMMITTEE

## Creating a LGBTQ-Inclusive Environment in Health Care

TUESDAY, DECEMBER 14, 2021 • 3:30-5:00 PM • VIRTUAL

As health care systems make an effort to promote patient-centered care, **it is of the utmost importance to understand the experience of members of the LGBTQ community.** We designed this fireside chat to share the lived experiences of LGBTQ identified individuals within the health care setting.

**We aim to provide a framework for contextualizing LGBTQ-specific cultural humility in health care.** Our speakers on the panel will talk about their real-life experiences, give practical tips and strategies to help to improve communication and interaction with the LGBTQ community.

This fireside chat is intended for **MSK employees only** including physicians, nurses, case managers, social workers, trainees, and allied health care professionals, and others involved or with an interest in LGBTQ issues.

### ORGANIZERS
