9th Annual Hematology and Medical Oncology Board Review

Memorial Sloan Kettering Cancer Center

This four day virtual course will provide an up-to-date and comprehensive review of the diagnosis, staging, and management of neoplastic disease, including solid tumor and hematologic oncology.

Lectures will focus on disease specific topics in gastrointestinal, gynecologic, thoracic, head and neck, genitourinary, soft tissue and skin, and central nervous system oncology, as well as hematologic oncology.

By attending this board review, attendees will:

- Learn state-of-the-science in diagnosis, staging, and therapeutic management of solid tumor cancers
- Learn state-of-the-science in diagnosis, staging, and therapeutic management of hematologic cancers
- Understand recent treatment advances in solid tumor and hematologic oncology and their impact on modern clinical practice

This board review course is intended for medical oncology professionals, including physicians, nurses, pharmacists, fellows, and residents.
