

13<sup>th</sup> Annual Board Review and  
Comprehensive Update

# 2025 Update in Hematology & Medical Oncology

MARCH 7–10 • VIRTUAL COURSE

Memorial Sloan Kettering  
Cancer Center

# Overview

**The 13<sup>th</sup> Annual Board Review and Comprehensive Update in Hematology and Medical Oncology, condensed into an intensive three-and-a-half-day virtual program, provides a thorough and up-to-date review of the diagnosis, staging, and management of neoplastic diseases, encompassing both solid tumors and hematologic malignancies.**

Lectures and discussions focus on disease-specific topics in gastrointestinal, gynecologic, thoracic, head and neck, genitourinary, soft tissue and skin, and central nervous system oncology, as well as hematologic oncology.

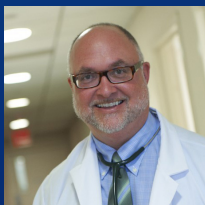

This course is a live virtual event designed for medical oncology professionals, including physicians, nurses, pharmacists, fellows, and residents. It aims to help participants effectively prepare for the **American Board of Internal Medicine** certification and recertification examinations in hematology and medical oncology.

At the conclusion of the program, attendees will be able to:

- Define state-of-the-science in diagnosis, staging, and therapeutic management of solid tumor cancers and hematologic cancers.
- Discuss recent treatment advances in solid tumor and hematologic oncology and apply knowledge gained in modern clinical practice
- Prepare for ABIM examinations in medical oncology and hematology.

Participants will also receive access to an online syllabus featuring select PDFs of presentation slides and video recordings of the lectures.

# Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **34.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **34.00 Medical Knowledge MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Memorial Sloan Kettering Cancer Center adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. All relevant financial relationships have been mitigated prior to the commencement of the activity.
