# 11<sup>th</sup> Annual **Hematology and Medical Oncology** Board Review

CONTEMPORARY PRACTICE

Memorial Sloan Kettering  
Cancer Center

**“Excellent program!  
Appreciated the  
speakers, the pace,  
and the attention  
to time.”**

—2022 Attendee

# Overview

**Condensed over three and a half days, this virtual course will provide an up-to-date and comprehensive review of the diagnosis, staging, and management of neoplastic disease, including solid tumor and hematologic oncology.**

Lectures will focus on disease-specific topics in **gastrointestinal, gynecologic, thoracic, head and neck, genitourinary, soft tissue and skin, and central nervous system oncology**, as well as **hematologic oncology**.

## OBJECTIVES

- (1)** Define state-of-the-science in diagnosis, staging, and therapeutic management of solid tumor cancers and hematologic cancers.
- (2)** Discuss recent treatment advances in solid tumor and hematologic oncology and apply knowledge gained in modern clinical practice.
- (3)** Prepare for ABIM examinations in medical oncology and hematology.

## TARGET AUDIENCE

The target audience for this well-received annual program includes medical oncology professionals (physicians, nurses, pharmacists, fellows and residents).

## SYLLABUS

Registered attendees will receive access to an online syllabus after the course, which includes select **PDFs of the faculty presentations (slides) and recorded videos** from the course.

## VIRTUAL FORMAT

This live virtual course will be delivered using Zoom. **CME credit** and **ABIM MOC points** will be offered. Detailed access and credit instructions will be emailed to attendees prior to the start of the program.
