Overview

This annual symposium provides a comprehensive overview of the latest advancements in the evolving field of lymphoma.

Renowned national and international experts present cutting-edge discoveries in lymphoma biology, state-of-the-art diagnostic techniques, and innovative treatment strategies.

The program highlights the clinical management of common lymphoma subtypes while also examining groundbreaking drug developments that are redefining patient care. Attendees will gain valuable insights into the latest findings in lymphoma biology and pathology, exploring how these breakthroughs are being translated into practical, impactful solutions for clinical practice.

Spanning a day and a half, this year's program features:

- **Keynote Lectures:** Featuring renowned leaders in lymphoma research and care.
- **Interactive Panel Discussions:** Practical discussions on innovative approaches to advancing patient outcomes.
- **Empowering APPs and Nurses— Professional Development Breakout Session*:** Tailored content for interprofessional teams, emphasizing their pivotal role in advancing lymphoma treatment.
- **Networking Opportunities*:** Connect with colleagues and faculty during breaks as well as a dedicated Welcome Reception on Friday evening and a Farewell Lunch Reception on Saturday afternoon.

*Available for in-person attendees only.

Register by February 28 for early rates:

SYLLABUS

Attendees will gain access to an online syllabus following the symposium, which will include select PDFs of faculty presentations (slides) and recorded videos. Please note, if you're unable to attend the Nursing and APP Breakout Session in person, it will be recorded and made available through the syllabus.

OBJECTIVES

At the conclusion of this symposium, attendees will be able to:

- Describe recent advances in lymphoma classification
- Discuss first line treatment options in most frequent lymphoma entities
- Describe new agents mode of actions, efficacy, and side effects
- Discuss options and recommendations for patients in the relapse refractory setting
- Provide adequate information to help shared decision with patients regarding their treatment

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **13.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC/CC RECOGNITION STATEMENTS

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to:

- 13.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (**ABIM**) Maintenance of Certification (MOC) program; and
- 13.25 Lifelong Learning (CME) credits in the American Board of Pathology's (**ABPath**) Continuing Certification program.

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM or ABPath MOC/CC credit.

ANCC CNE STATEMENT

An application for NCPD credits is submitted.

Memorial Sloan Kettering Cancer Center adheres to the ACCME and ANCC's Standards for Integrity and Independence in Accredited Continuing Education. All relevant financial relationships have been mitigated prior to the commencement of the activity.
