4th ANNUAL MSK SYMPOSIUM ON LYMPHOMA
State-of-the-Art in Biology, Therapy, and Patient Care

MAY 10-11, 2019
Memorial Sloan Kettering Cancer Center
Zuckerman Research Center
New York, NY
**4th Annual MSK Symposium on Lymphoma**

State-of-the-Art in Biology, Therapy, and Patient Care

This symposium will feature updated information on lymphoma biology, diagnosis, immunology, and genetics, and ongoing efforts to translate the scientific discoveries into novel treatment strategies for a variety of lymphomas. Faculty will review the current standard of care and present their own perspectives on how they treat various types of lymphomas. Participants will have the opportunity to discuss diagnostic and management cases, and how to incorporate biologic and genetic biomarkers into clinical practice and clinical trials.

**Educational Objectives**

- Provide up-to-date information on recent molecular diagnostic methods
- Provide up-to-date information on recent updates to lymphoma pathology classification
- Provide up-to-date information on recent treatment options for patients with Hodgkin and non-Hodgkin lymphoma

**Target Audience**

This symposium is designed for medical and radiation oncologists, hematopathologists, scientists, and medical trainees involved in diagnosis, treatment, and biomedical research of lymphoma.

**MSK Course Director**

Anas Younes, MD  
Chief, Lymphoma Service

**MSK Organizing Committee**

Ahmet Dogan, MD, PhD  
Hans Guido Wendel, MD  
Joachim Yahalom, MD, FACR  
Andrew Zelenetz, MD, PhD

**MSK Course Faculty**

Maria E. Arcila, MD  
Connie Lee Batlevi, MD, PhD  
Steven M. Horwitz, MD  
Erel Joffe, MD  
Anita Kumar, MD  
Ross L. Levine, MD  
Sham Mailankody, MBBS

**Invited Course Faculty**

Philippe Armand, MD, PhD  
Dana-Farber Cancer Institute  
Boston, MA  

Elias Campo, MD  
University of Barcelona  
Spain  

Riccardo Dalla-Favera, MD  
Columbia University  
New York, NY  

Andrew M. Evens, DO, MSc, FACP  
Rutgers Cancer Institute of New Jersey  
New Brunswick, NJ  

Massimo Federico, MD  
University of Modena and Reggio Emilia  
Italy  

Jude Fitzgibbon, PhD  
Barts Cancer Institute  
England  

Michele Ghielmini, MD  
Oncology Institute of Southern Switzerland  
Switzerland  

Steven Le Gouill, MD  
University of Nantes  
France  

Michael R. Green  
The University of Texas  
MD Anderson Cancer Center  
Houston, TX  

Helen E Heslop, MD, DSc (Hon)  
Baylor College of Medicine  
Houston, TX  

Peter Johnson MA, MD, FRCP  
University of Southampton  
United Kingdom  

Ralf Küppers, PhD  
Institute of Cell Biology (Cancer Research)  
University of Duisburg-Essen  
Germany  

Jürgen Ruland, MD  
TUM School of Medicine  
Germany  

Reiner Siebert, MD  
University Hospital Ulm  
Germany  

Louis M. Staudt, MD, PhD  
National Cancer Institute  
Bethesda, MD  

Laurie Sehn, MD, MPH  
BC Cancer Agency  
Canada  

David M. Weinstock, MD  
Dana-Farber Cancer Institute  
Boston, MA  

Pier-Luigi Zinzani, PhD  
University of Bologna, Italy

**Wonderful program and speakers; looking forward to next year’s Symposium.**

- 2018 Course Attendee

Participants are invited to join the entire course faculty for a networking cocktail reception on Friday evening from 5:00-6:00 PM at Zuckerman Research Center.
Adult BMT Luncheon Panel

Is there a Compelling Role for Hematopoietic Cell Transplantation in Early Relapsed or Refractory Follicular Lymphoma?

Friday, May 10, 12:00-1:00 PM

This luncheon will feature updated information on treatment of hematological malignancies during the dawn of the era of immunotherapies in the form of checkpoint inhibitors and chimeric antigen receptor (CAR) T cells. Faculty will review the current standard curative therapy (hematopoietic cell transplantation) and how it has evolved. Participants will have the opportunity to ask questions regarding diagnosis and management, and how to determine treatment standards for the best chance of cure.

Educational Objectives

• Provide up-to-date information regarding treatment options for patients with early relapsed or refractory Follicular Lymphoma.
• Provide an interactive discussion on potential risks with HCT and non-HCT treatments for hematologic malignancies.

Myeloma Luncheon Panel

Advances in the Treatment and Monitoring of Multiple Myeloma

Saturday, May 11, 12:30-1:30 PM

This luncheon will provide information on use of CAR-T therapy in myeloma and methods to detect low levels of disease by mass spectrometry. Faculty will provide their perspective on the future of these techniques in multiple myeloma. Participants will have the opportunity to discuss how to incorporate these new approaches into clinical practice and clinical trials.

Target Audience

This luncheon is intended for medical and radiation oncologists, hematopathologists, scientists, and medical trainees involved in diagnosis, treatment, and biomedical research of hematological malignancies.

Educational Objectives

• Understand current data and future directions for CAR T therapy for multiple myeloma.
• Describe the steps to measure immunoglobulins by mass spectrometry.
• List the advantages and disadvantages of MALDI-TOF and QTOF.

Space is limited for the luncheons and RSVP is required during course registration: mskcc.org/LymphomaCourse
**Friday, May 10**

**Networking Cocktail Reception**

Participants are invited to join course director, Dr. Anas Younes, and the entire course faculty for a cocktail reception on Friday evening from 5:00-6:00 PM at Zuckerman Research Center.

*Please RSVP during course registration.

*Space is limited for the luncheons and RSVP is required during course registration.*
Symposium Agenda

Saturday, May 11

7:30 AM  BREAKFAST

Clinical Application of Genome Sequencing
MODERATOR: Ahmet Dogan, MD, PhD
8:00 AM  Introduction to Clinical Diagnostic Genome Sequencing
Maria E. Arcila, MD
8:30 AM  Clonal Hematopoiesis
Ross L. Levine, MD
9:00 AM  Molecular Classification of DLBCL
Louis M. Staudt, MD, PhD
9:30 AM  Can We Apply DLBCL Genetic Classification to Targeted Sequencing Panels
Erel Joffe, MD
9:45 AM  Panel Discussion
10:15 AM  BREAK

Hodgkin Lymphoma
MODERATOR: Anas Younes, MD
10:30 AM  Frontline Therapy
David J. Straus, MD
10:50 AM  Checkpoint Inhibitors
Philippe Armand, MD, PhD
11:10 AM  Therapy of Relapsed HL
Alison J. Moskowitz, MD
11:30 AM  HL in the Elderly
Andrew M. Evens, DO, MSc, FACP
11:50 AM  Panel Discussion
12:30 PM  LUNCH BREAK

Myeloma Luncheon Panel*
12:30 PM  LUNCH & WELCOME
12:40 PM  CAR T cell Therapy for Multiple Myeloma
Sham Mailankody, MBBS
1:00 PM  Mass Spectrometry for the Detection of Monoclonal Immunoglobulins
Katie Thoren, MD
1:20 PM  Q&A and Closing Remarks

*Space is limited for the luncheons and RSVP is required during course registration.

*Early registration rate expires January 31, 2019.
**Industry and Professionals may attend CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

Register online: mskcc.org/LymphomaCourse

Registration includes continental breakfast, lunch, and refreshment breaks. Please contact cme@mskcc.org at least one week prior to the course if you have any special dietary needs.

- **30% Discounted Rate for MSK Alumni and MSK Alliance Members:** MSK offers a 30% discounted rate to all MSK Alumni and MSK Alliance members to attend a CME course. Please contact cme@mskcc.org for promotion code or more information.
- **MSK Staff Registration:** Registration is complimentary for MSK staff. However, you must register online: mskcc.org/LymphomaCourse.

Accreditation Statement
MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement
MSK designates this live activity for a maximum of 16.50 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Faculty Disclosure
It is the policy of MSK to make every effort to ensure balance, independence, objectivity, and scientific rigor in all continuing medical education activities it offers as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer of any commercial product and/or provider of commercial services which are discussed by them in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

Symposium Location
Memorial Sloan Kettering Cancer Center
Zuckerman Research Center
417 East 68th Street
New York, NY 10065

Accommodations
MSK has negotiated special rates and amenities at select hotels in Manhattan. For information on hotels in the vicinity of MSK with discounted rates, please visit: mskcc.org/cme.
