Memorial Sloan Kettering Cancer Center, in collaboration with MD Anderson Cancer Center, are pleased to present the:

2019 ONCO-NEPHROLOGY SYMPOSIUM

SATURDAY, DECEMBER 7
Memorial Sloan Kettering Cancer Center
Zuckerman Research Center
417 East 68th Street
New York, NY
Live Simulcast Available
At least 1 out of every 10 cancer patients will experience acute kidney injury and up to 25% will have chronic kidney disease. Cancer is a common global problem, and as cancer treatments evolve, the nephrologist will be tasked with diagnosing and managing more complex cases within this subgroup of patients.

The 2019 Onco-Nephrology Symposium will offer up to date information and insights from national and international experts in this constantly evolving subspecialty. This goal of this forum is to provide an opportunity for academicians and clinicians to have personal exchanges with experts in this steadily expanding sub specialty in order to enhance the clinical experience of our cancer patients.

This symposium is intended for physicians, advanced practice providers, nurses, medical students and other healthcare professionals in Hospital Medicine, Internal Medicine, Nephrology and Oncology.

Educational Objectives

• Explore newer biologic agents, with a focus on CAR T cell therapy
• Examine cardio-renal syndromes
• Exchange views on ethical decision making in cancer patients regarding the initiation and termination of dialysis
• Discuss renal pathology findings unique to cancer patients
• Review surgical approaches to renal masses
• Review unique causes of acute and chronic kidney injury in cancer patients

Live Simulcast Available

We are pleased to offer a live simulcast option for this course, available to non-MSK employees. CME and ABIM MOC credit is offered for the live simulcast and pre-registration is required.

CALL FOR ABSTRACTS

The 2019 Onco-Nephrology Symposium invites the submission of abstracts relating to clinical care of patients with cancer and kidney disease. The objective is to stimulate discussion on the evaluation and management of kidney injury in patients with cancer. The type of research can be qualitative and/or quantitative and have a focus in basic science, clinical research, public health, or epidemiology. Authors may submit abstracts of completed work or work in progress within the past 12 months. Submission deadline: Thursday, November 7, 2019.

ENDORSED BY THE
International Society of Nephrology (ISN)
FACULTY

MSK Course Directors

Edgar A. Jaimes, MD
Chief, Renal Service
Memorial Sloan Kettering Cancer Center
Professor of Medicine
Weill Cornell Medical College

Sheron Latcha, MD, FASN
Associate Clinical Member
Renal Service
Memorial Sloan Kettering Cancer Center
Assistant Professor of Clinical Medicine
Weill Cornell Medical College

Invited Course Faculty

Ala Abudayyeh, MD
Associate Professor Section of Nephrology
MD Anderson Cancer Center

Eric Cohen, MD
Professor of Medicine, Nephrology
Deputy Director of the Medical Service at Baltimore VAMC
University of Maryland School of Medicine

Nelson Leung, MD
Professor of Medicine, Internal Medicine
Professor of Medicine, Nephrology
Mayo Clinic

Glen Markowitz, MD
Professor of Pathology & Cell Biology
Vice Chair for Anatomic Pathology
Columbia University Medical Center

Alvin Moss, MD, FACP, FAAHPM
Professor of Medicine, Sections of Nephrology and Palliative Medicine
West Virginia University School of Medicine

Mitchell Rosner, MD, MACP
Henry B. Mulholland Professor of Medicine
Chair, Department of Medicine University of Virginia Health System
University of Virginia

Biruh Workeneh, MD, FASN
Associate Professor of Medicine, Section of Nephrology
MD Anderson Cancer Center

ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of 8.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 8.00 Medical Knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

FACULTY DISCLOSURE | It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
