MEMORIAL SLOAN KETTERING CANCER CENTER PRESENTS

ONCOLOGY ACUPUNCTURE:
From Neuroscience to Patient Wellbeing

In partnership with the Society for Acupuncture Research

April 24-25, 2020
New York City

Zuckerman Research Center
417 East 68th Street
Overview

This symposium will focus on the neuroscientific mechanisms of acupuncture for pain and symptom management and its application in cancer care.

On the first day, we will connect neuroscience and basic research with clinical evidence for oncology acupuncture symptom management. Our international panelists will also present the progress and challenges of providing acupuncture services in the oncology setting.

On the second day (half-day), we will focus on implementation by opening with a multidisciplinary discussion on integration of acupuncture for symptom management, followed by breakout workshops in the areas of designing and conducting high quality acupuncture clinical trials in oncology, building clinical oncology acupuncture programs, training oncology acupuncturists, and implementing acupressure interventions for oncology patients. We will conclude by formulating an action plan for moving forward.

Target Audience
This symposium is intended for health care providers (physicians, advanced practice providers, nurses, psychologists, social workers, and acupuncturists) who diagnose, manage, and treat side effects of cancer treatment and those who develop programs (administrators) to improve quality of life for people with cancer.

Learning Objectives
- Describe the mechanisms of acupuncture involving central modulation and peripheral stimulation
- Evaluate the current evidence of acupuncture for symptom management
- Determine strategies for engaging healthcare providers and health care systems to disseminate and implement acupuncture research findings in cancer care

Live Simulcast Available (day 1 only)*
Unable to attend this course in person? We are pleased to offer a live simulcast for day one only. CME credit is offered for the live simulcast and pre-registration is required. We do hope you will attend in person but understand that can sometimes be a challenge, so we are happy to offer the live simulcast as an option.

*Please note that the live simulcast is only available to non-MSK attendees. MSK employees are welcome to register for this course in person.

Memorial Sloan Kettering Course Faculty

Stacie Corcoran, RN, MS
Program Director, Adult Cancer Survivorship

Kylie Cotter, MHA
Director, Department of Psychiatry & Behavioral Sciences and Integrative Medicine Service

Gary Deng, MD, PhD
Medical Director, Integrative Medicine Service

Organizing Committee

Ting Bao, MD, DABMA, MS
Director, Integrative Breast Oncology
Memorial Sloan Kettering Cancer Center

Kevin Liou, MD
Instructor, Integrative Medicine Service
Memorial Sloan Kettering Cancer Center

Eva Pendleton, MA
Associate Director,
Integrative Medicine Service
Memorial Sloan Kettering Cancer Center

MSK Course Faculty

Stacie Corcoran, RN, MS
Program Director, Adult Cancer Survivorship

Kylie Cotter, MHA
Director, Department of Psychiatry & Behavioral Sciences and Integrative Medicine Service

Gary Deng, MD, PhD
Medical Director, Integrative Medicine Service

*Early registration expires March 6, 2020 (promotion code ACUER20).
**Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.
***The live simulcast is only available to non-MSK employees. MSK employees are welcome to register to attend this course in person.

Register online at: 
[mskcc.org/oncologyacupuncture](mskcc.org/oncologyacupuncture)

In-person course registration includes continental breakfast, lunch, and refreshment breaks. Please contact cme@mskcc.org at least one week prior to the course if you have any special dietary requests or require any specific accommodations.

Society for Acupuncture Research (SAR) member discount available. Contact cme@mskcc.org for more information and a promotion code.

MSK Alumni, MSK Cancer Alliance and Cancer Care Partner discounts available. Contact cme@mskcc.org for more information or a promotion code.

Complimentary registration for MSK employees. Please complete course registration in order to attend.

Live Simulcast registrations are non-refundable. For all other orders, if you cancel your participation in this course, your registration fee, less a $75 administrative fee, will be refunded when email notification is received by the MSK Office of Continuing Medical Education (MSK CME) at least 7 days prior to the first day of the course.

Cancellations or no-shows after this date are not eligible for a refund. MSK CME reserves the right to cancel or postpone any course due to unforeseen circumstances. In the unlikely event we must cancel or postpone this course, we will refund the registration fee in full, but are not responsible for any related costs, charges, or expenses to participants, including fees incurred by airline/travel/lodging agencies. At any time, you may substitute another registrant in your place after contacting MSK CME with the relevant information. Switching from an in person registration to a simulcast registration requires an additional fee.

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of 11.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NCCAOM Accreditation

Memorial Sloan Kettering Cancer Center is an National Credentialing Commission of Acupuncture and Oriental Medicine (NCCAOM) Professional Development Activity Provider #299. Oncology Acupuncture: From Neuroscience to Patient Wellbeing is PDA Course# 299-20 and approved for 12.0 pda points.

Faculty Disclosure

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
