PANCREAS CANCER SYMPOSIUM

THE CURRENT & THE FUTURE

Wednesday, November 3 | 8:45 AM-4:50 PM (ET)

In partnership with the
**David M. Rubenstein Center for
Pancreatic Cancer Research**

Memorial Sloan Kettering
Cancer Center

OVERVIEW

Pancreas cancers are on the rise. Treatment paradigms are changing, and many novel approaches are under development in this disease. This one day live virtual course, in conjunction with MSK's **Center for Pancreatic Cancer Research (CPCR)**, is very timely and will review the epidemiology, genomic, molecular and pathologic features of this disease along with discussing diagnostic and therapeutic approaches both pancreas adenocarcinoma and neuroendocrine tumors. The course will also discuss novel treatments and emerging directions and include a session on innovations in supportive care. An emphasis will be on multidisciplinary decision making and will include a case-based focus.

Educational Objectives

- Describe the pathologic, genetic and molecular hallmarks of pancreas cancer
- Identify the importance of and where to optimally utilize multidisciplinary care for management of pancreas cancer
- Outline current diagnostic and surgical strategies for pancreas cancer
- Review the indications and implications of germline and somatic testing in pancreas cancer
- Define the key novel therapeutic approaches for management of pancreas cancer and neuroendocrine tumors of the pancreas
- Review new innovations in supportive care approaches for pancreas cancer

Who Should Attend

The course is designed for medical and surgical oncologists, gastroenterologists, internal medicine specialists, pathologists, geneticists, pharmacists, supportive care staff, nursing, advanced practice practitioners, trainees and other disciplines.

MSK is pleased to invite patients to attend this course on a complimentary basis.

ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **7.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **7.00 Medical Knowledge MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

ANCC CNE Statement*

Memorial Sloan Kettering Cancer Center–Nursing Professional Development / Continuing Education is accredited with distinction as a provider of nursing continuing professional development (NCPD) by the American Nurses Credentialing Center's Commission on Accreditation.

1.08 contact hours will be awarded to participants who attend the program in its entirety and complete a program evaluation. Partial credit not awarded.

*Please note that nursing credit will only be offered for Session 4, Supportive Care and Adjunctive Care.

Faculty Disclosure

It is the policy of MSK to make every effort to ensure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
