LIVE VIRTUAL EXPERIENCE

December 10-11, 2020

Live Virtual Experience

We are committed to hosting the 9th Annual Global Conference on Perioperative Care of the Cancer Patient on December 10-11 2020, which will offer interactive opportunities for education and research. We are excited to announce that this course will now be delivered as a live virtual experience and we will maintain a flexible approach to the meeting program. Additional information will be provided to registrants before the conference.

By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online. This new live virtual course will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection. All sessions will be recorded and made available to attendees. Course faculty will be available to answer questions live throughout the program. CME and MOCA® credit will be offered for this course and a certificate will be available after a post-course evaluation is complete.

The Global Perioperative Cancer Virtual Conference 2020 will be thought-provoking and more relevant than ever, consisting of a variety of different topics and learning formats. It will now include a Special Session on COVID-19 and cancer, addressing the challenges clinicians face today.

OVERVIEW

This international meeting is the work of leading anesthesiologists from several cancer centers of excellence worldwide. The multispecialty international consortium will address the clinical and translational evidence emerging in perioperative cancer care. The conference is designed to address the complexity and unique challenges for the perioperative care of the cancer patient and cancer survivors.

As the incidence of cancer and cancer survivorship grows, there is an increased need for anesthesiologists, surgeons, interventional radiologists, nurses and other perioperative health care professionals to provide their services for the multiple diagnostic and interventional procedures in this patient population. This conference will focus on the key elements related to perioperative care of the cancer patient needed to deliver value-based patient centric care.

This one-and-a-half-day conference will consist of scientific panels, lectures and small group discussions and the opportunity to network online with leading international onco-anesthesiologists, surgeons and scientists.

Course Highlights

Plenary Lecture:

The Emperor of All Maladies: Can Anesthesia Influence Oncological Outcome?

11 Interactive Panels
8 Breakout Sessions
Special Session on COVID-19 and Cancer
Point-Counterpoint Debates
Real World Case Discussions
Mini Medical Simulation
Open Q&A Session for All Attendees Worldwide

Who Should Attend?

The course is intended for anesthesiologists, surgeons, medical oncologists, internists, basic scientists, CRNAs, perioperative nurses and allied health professionals. The course will also be geared towards scientists involved in translational and clinical research.

Faculty Disclosure

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

FEATURED FACULTY

Guest Faculty

Juan Cata, MD

Assistant Professor Department of Anesthesiology and Perioperative Medicine MD Anderson Cancer Center Houston, TX

Vijaya Gottumukkala, MBBS, MD, FRCA

Professor

Department of Anesthesiology and Perioperative Medicine MD Anderson Cancer Center Houston, TX

Bernhard Riedel, MBChB, FCA, FANZCA, FASE, MMed, MBA, PhD

Director

Department of Anesthesia, Perioperative and Pain Medicine Peter MacCallum Cancer Centre Melbourne, Australia

Bobbie Jean Sweitzer, MD

Professor of Anesthesiology Feinberg School of Medicine Chicago, IL

Tim Wigmore, BM, BCh, FRCA, FFICM, FCICM

Consultant in Intensive Care Medicine and Anaesthesia Associate Medical Director The Royal Marsden London, UK

Memorial Sloan Kettering Course Faculty

Anoushka Afonso, MD

Director, Enhanced Recovery after Surgery (ERAS)

Laura Ardizzone, DNP, CRNA, DCC

Clinical Director, Nurse Anesthesia Services Department of Anesthesiology and Critical Care Medicine

Vittoria Arslan-Carlon, MD

Associate Attending
Department of Anesthesiology and Critical Care Medicine

Anahita Dabo-Trubelja, MD

Associate Attending

Department of Anesthesiology and Critical Care Medicine

Lisa DeAngelis, MD

Physician-In-Chief, Memorial Hospital

Gregory Fischer, MD

Chairman

Department of Anesthesiology and Critical Care Medicine

Amit Gulati, MD

Director, Chronic Pain

David Hyman, MD

Chief, Early Drug Development Service

Eric R. Kelhoffer, MD

Attending

Department of Anesthesiology and Critical Care Medicine

Robina Kitzler, MSN, CNS, AOCNS, CCRN, CPAN

Clinical Nurse Specialist

Beatriz Korc-Grodzicki, MD, PhD

Chief, Geriatrics Service

Elena Mead, MD

Assistant Attending

Department of Anesthesiology and Critical Care Medicine

Joshua Mincer, MD, PhD

Assistant Attending

Department of Anesthesiology and Critical Care Medicine

Shannon O'Keeffe, CNP

Manager, Advanced Practice Providers

Stephen Pastores, MD

Director, Critical Care Medicine Fellowship Training and Research Programs

Alessia Pedoto, MD Associate Attending

Department of Anesthesiology and Critical Care Medicine

Vinay Puttaniah, MD

Director, Regional Ánesthesia and Perioperative Medicine

Michel Sadelain, MD, PhD

Director, Center for Cell Engineering

Leslie Sarraf, MD

Assistant Attending

Department of Anesthesiology and Critical Care Medicine

Jessica Scott, PhD

Investigator, The Lee Jones Lab

Gerald Soff, MD

Chief, Hematology Service

Jaqueline Sumanis, CRNA, DNAP CHSE

Assistant Clinical Director, Nurse Anesthetist Department of Anesthesiology and Critical Care Medicine

Rebecca S. Twersky, MD, MPH

Chief of Anesthesia Josie Robertson Surgery Center

Robert Veselis, MD

Vice Chair for Research

Department of Anesthesiology and Critical Care Medicine

Jedd Wolchok, MD, PhD

Chief, Melanoma & Immunotherapeutics Service

REGISTER ONLINE:

mskcc.org/periop2020

Virtual Registration Fees	Early*	General
Physicians (MDs, PhDs and DOs)	\$300	\$350
Advanced Practice Providers	\$200	\$250
Residents, Fellows, Nurses and Other Healthcare Providers	\$100	\$150
Industry Professionals**	n/a	\$600

^{*}Early registration rates expire October 30, 2020.

By registering for the live virtual course, you will be able to view presentations, hear live audio, and interact online. This new live virtual course will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection. All sessions will be recorded and made available to attendees. Course faculty will be available to answer questions live throughout the program.

- MSK CME offers a discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners. If you are a member of one of these groups, please contact cme@mskcc.org for more information.
- MSK employee registration is complimentary. However, you must complete course registration in order to attend this course.

Visit mskcc.org/periop2020 for additional details and our cancellation policy.

ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of *10.50 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American Board of Anesthesiology® MOCA®

Maintenance of Certification in Anesthesiology™ program and MOCA® are registered trademarks of The American Board of Anesthesiology®. This activity contributes to the CME component of the American Board of Anesthesiology's redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements. MOCA 2.0® is a trademark of The American Board of Anesthesiology®. **Max credits 10.50**.

AANA CE Credits

This program has been prior approved by the American Association of Nurse Anesthetists for **11.25 Class A CE credits**; Code Number 1039031; Expiration Date 12/11/2020.

^{**}Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.
