

Memorial Sloan Kettering Cancer Center presents

Advances in the Management of **Prostate Cancer**

A MULTIDISCIPLINARY APPROACH

October 13-15, 2022 • In-person or Virtual
mskcc.org/prostatecancercourse

Memorial Sloan Kettering
Cancer Center

Overview

Join specialists from Memorial Sloan Kettering for this two and a half-day multidisciplinary course, which will focus on the **management of prostate cancer from diagnosis through castration resistant disease**.

The course will include **lectures, panel discussions, and case presentations** addressing topics such as:

- an overview of **systemic therapy**: hormonal agents, chemotherapy, targeted therapies, and theranostics;
- **initial risk assessment** using routinely available clinical information;
- **genomic classifiers, germline testing, and molecular imaging**;
- risk-based management options for **clinically localized prostate cancer** including active surveillance,
- **focal therapy, radical prostatectomy, and radiation therapy**;
- defining **oligometastatic prostate cancer** and multidisciplinary approaches to the management of the local tumor, metastatic sites, and systemic therapy;
- management of **local recurrence** after radical prostatectomy and radiation therapy; and
- prevention and management of **treatment related toxicities**.

This course is intended for urologists, radiation oncologists, radiologists, medical oncologists, pathologists and other healthcare professionals interested in prostate cancer management.

Early registration savings available through September 15, 2022.

Educational Objectives

- Explain the risk assessment of prostate cancer.
- Evaluate the selection and management of patients for active surveillance.
- Review techniques, performance, and outcomes from radical prostatectomy and radiation therapy for clinically localized prostate cancer.
- Review management of oligometastatic prostate cancer.
- Discuss management of hormone sensitive metastatic and castration resistant metastatic prostate cancer.

In-person or Virtual

We invite attendees to join us **in-person** for this conference at:

Zuckerman Research Center

417 East 68th Street
New York, NY 10065

We are also pleased to offer a **virtual option** (via Zoom) for attendees unable to join us in-person.

Safety Precautions Due to COVID-19

The MSK CME team recognizes that the COVID-19 situation is fluid. We will continue monitoring key indicators and adjust our policies as needed to ensure the safety of our community. Your health and safety, and that of our patients and employees, is our highest priority at MSK CME activities.

Current in-person safety protocols:

- All in-person attendees at MSK CME events must be **fully vaccinated** against COVID-19 at least two (2) weeks prior to the event. A copy of your COVID-19 vaccination card(s) must be uploaded during registration. MSK Employees will need to show MSK ID Badge with COVID-19 Vaccine sticker attached to gain entry to event space in lieu of uploading vaccine card(s).
- **Social distancing** guides in the conference space must be followed and will be strictly enforced.

MSK COURSE DIRECTORS

James A Eastham, MD, FACS

Chief, Urology Service
Peter T. Scardino Chair in Oncology
Department of Surgery

Michael J. Morris, MD

Member; Attending
Section Head, Prostate Cancer
Genitourinary Oncology Service
Department of Medicine
Professor of Medicine, Weill Cornell Medical College

Michael J. Zelefsky, MD

Vice Chair, Department of Radiation Oncology, Clinical Research
Chief, Brachytherapy Service
Steven A. Greenberg Chair in Prostate Cancer Research
Department of Radiation Oncology

Mitigation of Relevant Financial Relationships

Memorial Sloan Kettering Cancer Center adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers, or others are required to disclose all relevant financial relationships with ineligible companies (commercial interests).

All relevant financial relationships have been mitigated prior to the commencement of the activity.

MSK COURSE FACULTY

Wassim Abida, MD, PhD

Director of Translational Research, Prostate Cancer
Associate Member; Associate Attending
Genitourinary Oncology Service
Department of Medicine

Karen A. Autio, MD, MSc

Assistant Attending
Genitourinary Oncology Service
Early Drug Development Service
Department of Medicine

Anton Becker, MD, PhD

Assistant Attending
Body Imaging Service
Department of Radiology

Lisa Bodei, MD, PhD

Director of Targeted Radionuclide Therapy
Attending
Molecular Imaging and Therapy Service
Department of Radiology

Victoria Brennan, MBBCh, BAO

Assistant Attending
External Beam Radiotherapy Service
Brachytherapy Service
Department of Radiation Oncology

Maria Carlo, MD

Assistant Attending
Genitourinary Oncology Service
Clinical Genetics Service
Department of Medicine

Sigrid Carlsson, MD, PhD, MPH

Assistant Attending Epidemiologist
Department of Surgery

Felix Cheung, MD

Assistant Attending
Urology Service
Department of Surgery

Jonathan A. Coleman, MD

Attending
Urology Service
Department of Surgery

Behfar Ehdai, MD, MPH

Associate Attending
Urology Service
Department of Surgery

Jonathan S. Fainberg, MD

Assistant Attending
Department of Surgery

Samson W. Fine, MD

Attending
Genitourinary Pathology Service
Surgical Pathology Service
Department of Pathology

Jose M. Flores, MD, MHA

Assistant Attending
Sexual & Reproductive Medicine
Urology Service
Department of Surgery

Anuradha Gopalan, MD

Attending
Genitourinary Pathology Service
Surgical Pathology Service
Department of Pathology

Daniel Gorovets, MD

Assistant Attending
External Beam Radiotherapy Service
Proton Therapy Service
Department of Radiation Oncology

Marisa A. Kollmeier, MD

Associate Attending
Associate Director, Brachytherapy Service
Chair, Radiation Oncology Quality Assurance Committee
Department of Radiology

Andrew Laccetti, MD, MS

Assistant Attending
Genitourinary Oncology Service
Department of Medicine

Vincent P. Laudone, MD

Chief of Surgery, Josie Robertson Surgical Center
Attending
Urology Service
Department of Surgery

Sean McBride, MD, MPH

Chief, External Beam Radiotherapy
Department of Radiation Oncology

Deaglan McHugh, MD

Assistant Attending
Genitourinary Oncology Service
Department of Medicine

John P. Mulhall, MD

Director, Sexual & Reproductive Medicine Program
Director, Sexual & Reproductive Medicine Fellowship Program
Director, Sexual & Reproductive Medicine Research
Attending
Urology Service
Department of Surgery

Christian J. Nelson, PhD

Chief, Psychiatry Service
Attending Psychologist; Member
Department of Psychiatry and Behavioral Sciences

Dana E. Rathkopf, MD

Chief, Research Councils
Associate Vice Chair Faculty Development
Associate Member, MH; Associate Attending
Associate Professor of Medicine, Weill Cornell Medical College

Jaspreet S. Sandhu, MD

Attending
Urology Service
Department of Surgery

Susan F. Slovin, MD, PhD

Associate Vice Chair of Academic Affairs
Attending
Genitourinary Oncology Service
Department of Medicine
Professor of Medicine, Weill Cornell Medical College

Karim A. Touijer, MD, MPH

Attending
Urology Service
Department of Surgery

Agenda

All times listed below are U.S. Eastern Time (ET).

Thursday, October 13, 2022

7:00 AM Registration and Breakfast (In-person Attendees)

7:40 AM Virtual/Zoom Check-in (Virtual Attendees)

7:50 AM **Introduction and Welcome with Course Directors**

I. Prostate Cancer: Risk Assessment

CHAIR: James A Eastham, MD, FACS

8:00 AM **What a Prostate Biopsy Evaluation Should Include**
Samson W. Fine, MD

8:20 AM **Prostate MRI**
Anton Becker, MD, PhD

8:40 AM **Genomic Classifiers**
Sigrid Carlsson, MD, PhD, MPH

9:00 AM **Germline Testing**
Maria Carlo, MD

9:20 AM **Molecular Imaging**
Lisa Bodei, MD, PhD

9:40 AM **Risk Stratification**
James A. Eastham, MD, FACS

9:45 AM **Panel Discussion**

10:00 AM Health Break

II. Clinically Localized Prostate Cancer: Active Surveillance and Focal Therapy

CHAIR: Karim A. Touijer, MD, MPH

10:20 AM **Active Surveillance: Patient Selection, Follow-up, and Outcomes**
Karim A. Touijer, MD, MPH

10:50 AM **Focal Therapy: Patient Selection, Delivery, and Follow-up**
Jonathan S. Fainberg, MD

11:10 AM **HIFU: How I Do It (Including MRI-guidance)**
Behfar Ehdaie, MD, MPH

11:30 AM **IRE: How I Do It**
Jonathan A. Coleman, MD

11:50 AM **Panel Discussion**

12:10 PM Lunch Break

III. Clinically Localized Prostate Cancer: Radiation Therapy

CHAIR: Michael J. Zelefsky, MD

1:00 PM **EBRT: Principles and Practice**
Sean McBride, MD, MPH

1:45 PM **Brachytherapy: How I Do It**
Marisa A. Kollmeier, MD

2:15 PM	Pelvic Nodal Radiation Therapy: Patient Selection and Technique Michael J. Zelefsky, MD
2:35 PM	ADT and Radiation Therapy Daniel Gorovets, MD
2:50 PM	Panel Discussion
3:00 PM	Health Break

IV. Clinically Localized Prostate Cancer: Radical Prostatectomy

CHAIR: Vincent P. Laudone, MD

3:30 PM	Robotic-assisted Approach: How I Do It Vincent P. Laudone, MD
4:00 PM	Pelvic Lymph Node Dissection: Patient Selection and Technique Karim A. Touijer, MD, MPH
4:30 PM	Challenging Anatomy Behfar Ehdai, MD, MPH
4:50 PM	Panel Discussion
5:10 PM	Closing Remarks with Course Directors
5:15 PM	Adjourn

Networking Reception

We invite in-person attendees to join the course faculty for a networking reception from **5:15-6:30 PM** in the **lobby** of Zuckerman Research Center.

Friday, October 14, 2022

8:00 AM	Registration and Breakfast (In-person Attendees)
8:45 AM	Virtual/Zoom Check-in (Virtual Attendees)
9:00 AM	Opening Remarks with Course Directors

V. Oligometastatic Disease

CHAIR: Susan F. Slovin, MD, PhD

9:05 AM	Oligometastatic Disease: Defining the Disease/ Patient Selection Susan F. Slovin, MD, PhD
9:20 AM	Local Therapy: Radiation Victoria Brennan, MBBch, BAO
9:40 AM	Local Therapy: Radical Prostatectomy James A Eastham, MD, FACS
10:00 AM	Treatment of Oligometastatic Sites: Radiation (Bone and Lymph Nodes) Victoria Brennan, MBBch, BAO

10:20 AM	Treatment of Oligometastatic Sites: Surgery (Lymph Nodes) Karim A. Touijer, MD, MPH
10:40 AM	Systemic Therapy: Choice and Duration Deaglan McHugh, MD
11:00 AM	Panel Discussion
11:20 AM	Health Break

VI. Local Recurrence After Radiation Therapy

CHAIR: Marisa A. Kollmeier, MD

11:50 AM	Salvage HDR Marisa A. Kollmeier, MD
12:10 PM	Salvage Ablation: Patient Selection, Delivery, and Follow-up Jonathan S. Fainberg, MD
12:30 PM	Salvage Radical Prostatectomy James A Eastham, MD, FACS
12:45 PM	Panel Discussion
1:00 PM	Lunch Break

VII. Local Recurrence After Radical Prostatectomy

CHAIR: Sean McBride, MD, MPH

2:00 PM	Salvage Radiation Therapy Sean McBride, MD, MPH
2:20 PM	Salvage Pelvic Lymph Node Dissection Vincent P. Laudone, MD
2:40 PM	Intraoperative Imaging Karim A. Touijer, MD, MPH
3:00 PM	Panel Discussion

VIII. Systemic Therapy

CHAIR: Michael J. Morris, MD

3:20 PM	Hormone-sensitive Metastatic Prostate Cancer Dana E. Rathkopf, MD
3:50 PM	Castrate Resistant Prostate Cancer: Non-metastatic and Metastatic Karen A. Autio, MD, MSc
4:10 PM	Theranostics in Prostate Cancer Michael J. Morris, MD
4:40 PM	Neuroendocrine Differentiation Anuradha Gopalan, MD
5:00 PM	Special Situations Guided by Cancer Genetics Wassim Abida, MD, PhD
5:20 PM	Panel Discussion
5:40 PM	Closing Remarks with Course Directors
5:45 PM	Adjourn

Saturday, October 15, 2022

7:00 AM	Registration and Breakfast (In-person Attendees)
7:45 AM	Virtual/Zoom Check-in (Virtual Attendees)
7:55 AM	Opening Remarks with Course Directors

IX. Preventing and Managing Treatment-related Toxicity: Voiding Function

co-CHAIRS: Jaspreet S. Sandhu, MD and Felix Cheung, MD

8:00 AM	Pelvic Floor Muscle Training Jaspreet S. Sandhu, MD
8:20 AM	Evaluation and Management of Persistent Stress Urinary Incontinence Felix Cheung, MD
8:40 AM	Management of the Overactive Bladder Felix Cheung, MD
9:00 AM	Urethral Strictures and Bladder Neck Contractures Jaspreet S. Sandhu, MD
9:20 AM	Panel Discussion

X. Preventing and Managing Treatment-related Toxicity: Sexual Function

CHAIR: John P. Mulhall, MD

9:40 AM	Pre-habilitation and Rehabilitation: Erectile Function John P. Mulhall, MD
10:10 AM	Counseling and Support Christian J. Nelson, PhD
10:30 AM	Climacturia, Peyronie's Disease, Orgasmic Dysfunction, Penile Length John P. Mulhall, MD
10:50 AM	Testosterone Replacement in the Prostate Cancer Patient Jose M. Flores, MD, MHA
11:10 AM	Management and Prevention of ADT-related Toxicities Andrew Laccetti, MD, MS
11:40 AM	Panel Discussion
11:55 AM	Closing Remarks with Course Directors
12:00 PM	Adjourn

REGISTER ONLINE
mskcc.org/prostatecancercourse

Registration Fees (In-person or Virtual)	Early*	General
Physicians (MDs, PhDs, and DOs)	\$500	\$600
Advanced Practice Providers	\$350	\$450
Residents, Fellows, Nurses, and Other Healthcare Providers	\$200	\$300
Industry Professionals**	n/a	\$1,050

*Early registration savings available through September 15, 2022.

**Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

MSK CME Discounts/Promotions

- A registration discount is available for **MSK Alumni** and **MSK Cancer Alliance** to attend a MSK CME course.
- Registration is complimentary for all **MSK employees**; however, you must complete registration in order to attend this course.

Please note that after your payment has been processed, no further promotional discounts or adjustments will be made to your registration.

Visit the course website for more information including the cancellation policy: mskcc.org/prostatecancercourse

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **19.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Memorial Sloan Kettering
Cancer Center

The multidisciplinary prostate cancer team at Memorial Sloan Kettering is recognized worldwide for its strengths in diagnosing and treating tumors of the prostate.
