

Live Virtual Experience

PERSONALIZED TREATMENT OF
**Recurrent and Metastatic
Soft Tissue Sarcoma**

Friday, October 16, 2020 • 7:00-8:00 PM

Memorial Sloan Kettering
Cancer Center

Complimentary registration:
mskcc.org/sarcoma

Overview

The ability to define outcome and thereby design management approaches for rare malignancies is extremely difficult. Soft tissue sarcoma is a group of diverse malignancies with variable presentation, behavior, and outcome. Soft tissue sarcomas are complicated by the fact that they represent at least 100 potentially malignant histological types and subtypes. Of these, 50% are fully malignant and commonly metastasize and 50% are locally aggressive with some but limited metastasis potential. Most soft tissue sarcomas are believed to be sporadic, however in a small proportion of cases genetic factors, lymphedema, and prior radiation therapy have been identified as predisposing or associated factors.

Sarcomas display varying degrees of mesenchymal differentiation, making diagnosis and behavior prediction difficult. This problem is compounded by the nature of these diseases, some with early progression, recurrence and demise and others continuing with multiple recurrences or late recurrences over decades. In this course, you will get an inside look at MSK's approaches to the treatment of recurrent and metastatic soft tissue sarcoma.

Learning Objectives

- Understand lessons learned from MSK's study of 10,000 patients with soft tissue sarcoma
- Understand how MSK uses nomograms to predict the risk of recurrence
- Discuss the role of surgery in recurrent and metastatic settings
- Explore the role of external-beam radiation therapy in recurrent and metastatic settings
- Share current chemo and immunotherapy SoC regimens as well as new agents and clinical trials

This event is complimentary to all registered attendees.

By registering for this live virtual course, you will be able to view presentations, hear live audio, and interact online. CME credit will be offered for this course and a certificate will be available after a course evaluation is complete. This event will be fully web-based, so all you will need is a computer, phone, or tablet and an internet connection.

MSK Course Director

Sir Murray Brennan, MD, GNZM, FACS

Senior VP, International Programs
Director, The Bobst International Center
Chairman Emeritus, Department of Surgery
Benno C. Schmidt Chair in Clinical Oncology

MSK Course Faculty

Kaled Alektiar, MD, FASTRO

Attending Radiation Oncologist
Radiation Oncology Service

Mrinal M. Gounder, MD

Associate Attending Oncologist
Sarcoma Medical Oncology Service

Samuel Singer, MD, FACS

Chief Attending, Gastric and Mixed Tumor Service
Vincent Astor Chair of Clinical Research

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

Virtual Schedule

All times are U.S. Eastern Time

6:50 PM	Virtual Course Check-in
7:00 PM	Welcome and Introduction Sir Murray Brennan, MD, GNZM, FACS
7:05 PM	Surgery for Local and Metastatic Recurrence Samuel Singer, MD, FACS
7:15 PM	XRT for Local and Metastatic Recurrence Kaled Alektiar, MD, FASTRO
7:25 PM	Current Chemo/ Immunotherapy, New Agents/ Clinical Trials Mrinal M. Gounder, MD
7:45 PM	FAQ Sir Murray Brennan, MD, GNZM, FACS
8:00 PM	Adjourn

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Memorial Sloan Kettering (MSK) has a dedicated team at the Bobst International Center to provide timely and compassionate assistance to any patient around the world diagnosed with cancer who would like to seek services from a MSK doctor. These services include onsite care as well as a remote written and video consult options with our expert physicians.

For an international patient consult, contact:

PHONE: +1 212-639-4900

EMAIL: international@mskcc.org
