

MSK CME
ON DEMAND

9th Annual State-of-the-Art in Thrombosis and Hemostasis Symposium

Memorial Sloan Kettering
Cancer Center

Overview

This on demand program is designed to provide an important annual educational forum for Hematology and Oncology doctors. The ultimate objective of this activity is to enhance physician understanding of the disease state and treatment advances for the benefit of patients.

The target audience for this program includes hematology/oncology practitioners, fellows, advanced practice providers and other healthcare professionals in the field.

REGISTRATION FEES

- Physicians (MDs, PhDs, and DOs): **\$75**
- APPs, Nurses, and Other Healthcare Providers: **\$50**
- Residents and Fellows: **\$25**
- Industry Professionals: **\$135**

By registering for this on demand program, you will receive access to the video recordings from the symposium, originally recorded on October 18, 2020, as well as PDFs of the speaker presentations.

This on demand program will be available for purchase until November 30, 2021. Access to the videos and claiming credit will be available until February 28, 2022.

ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this enduring material for a maximum of **5.50 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SYMPOSIUM DIRECTOR

Gerald A. Soff, MD

Attending Physician, Hematology Service
Memorial Sloan Kettering Cancer Center

INVITED FACULTY

Donald M. Arnold, MD, MSc, FRCP(C)

Professor, Hematology
Director, McMaster Centre for Transfusion Research
McMaster University

Alfred Lee, MD, PhD

Associate Professor of Medicine (Hematology)
Director, Hematology/Oncology Fellowship Program
Yale School of Medicine

Catherine McGuinn, MD

Assistant Professor of Pediatrics
Weill Cornell Medicine

Allyson Pishko, MD, MSCE

Assistant Professor
University of Pennsylvania

MEMORIAL SLOAN KETTERING FACULTY

Simon Mantha, MD, MPH

Attending Physician, Hematology Service

Cy R. Wilkins, MD

Assistant Attending, Hematology Service
Assistant Professor, Weill Cornell Medical College

Course Content

| | |
|---------|---|
| 50 MIN. | New Innovations in Bleeding Disorders Catherine McGuinn, MD |
| 45 MIN. | The COVID19-Related Coagulopathy - Pathophysiology and Management Alfred Lee, MD, PhD |
| 45 MIN. | Thrombotic Microangiopathy Cy R. Wilkins, MD |
| 45 MIN. | Thrombocytopenia (Not All Thrombocytopenia is ITP) Allyson Pishko, MD, MSCE |
| 45 MIN. | Immune Thrombocytopenic Purpura Donald M. Arnold, MD, MSc, FRCP(C) |
| 45 MIN. | Chemotherapy-Induced Thrombocytopenia Gerald A. Soff, MD |
| 45 MIN. | Case Discussions Cases submitted by attendees are reviewed by the course faculty. |

EDUCATIONAL OBJECTIVES

- Review the recent scientific updates in the diagnosis and management of hemorrhagic disorders.
- Review the recent scientific updates in the area of platelet disorders, including: Immune Thrombocytopenic Purpura; Chemotherapy-Induced Thrombocytopenia; Thrombotic Microangiopathy; and Anti-platelet Therapy.

FACULTY DISCLOSURE

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.
