# Course Overview

The purpose of this course is to provide the attendee with a multidisciplinary management approach for patients with skin cancer, including basal cell carcinoma, squamous cell carcinoma, merkel cell carcinoma, melanoma and other complex skin cancers. The topics will focus on advances in epidemiology, pathology and imaging, medical and surgical management and radiation therapy. Complex skin cancer cases will be presented and discussed in a tumor board style with a multidisciplinary panel of experts.

## Educational Objectives

After Completion of this module, participants should be able to:

- Describe melanoma and non melanoma skin cancer incidence and behavior
- Define factors contributing to behavior and outcome of skin cancers
- Define characteristics of skin cancers that require aggressive treatment
- Understand benefits, limitations, and integration of different modalities used in the treatment of skin cancers
- Review novel approaches to optimize surgical treatment of skin cancers
- Assess role and variety of radiotherapeutic approaches to complex skin cancers
- Review role of biological therapy in the treatment of advanced skin cancers
- Examine the optimal approaches toward reconstruction of defects resulting from resection of skin cancers

## Target Audience

Physicians and allied health professionals, who care for patients with skin cancer, including dermatologists, surgical and medical oncologists, otolaryngologists, ophthalmologists, general surgeons, plastic surgeons, pathologists and radiation oncologists.

## COURSE DESIGN

This course includes short didactic lectures intermixed with multidisciplinary tumor board cases.

## EVALUATION

A course evaluation survey sent out electronically will provide attendees with the opportunity to review the sessions and the speakers and to identify future educational needs.

## ACCREDITATION STATEMENT

MSK is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

## AMA CREDIT DESIGNATION STATEMENT

MSK designates this live activity for a maximum of **13.0 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity. The AMA has determined that physicians not licensed in the United States but who participate in this CME activity are eligible for **13.0 AMA PRA Category 1 Credits™**.

## ACCOMMODATIONS

For information on hotels in the area of MSKCC with discounted rates, please visit: [www.mskcc.org/accommodations](http://www.mskcc.org/accommodations).

## FACULTY DISCLOSURE

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it sponsors as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity sponsored by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

## OUTCOMES MEASUREMENT SURVEY

Six months after the end of the course an Outcomes Measurement Survey will be sent to all participants to help us determine what positive impacts have been made on participant practice as a result of the course.
